At that time, Councilmembers Forsythe, Kritzer, and Carson also requested additional information regarding the topics raised during the City Council's December 8, 2020, Committee of the Whole, Planning and Public Works meeting. - **Other Key Facts:**

OUTCOMES:

As a normal course of business, City staff record code errors, discrepancies, and ambiguities as they are discovered by staff and by customers. The cleanup process also includes identifying potential code updates due to changed conditions, for conformance with new state or federal regulation, and alignment with emerging technologies or practices. A clear, concise, and timely code supports customers and staff during implementation of regulations as applied to public and private development. Efficiencies and cost savings to customers of the code are anticipated as a result of this annual code maintenance procedure.

Time Constraints:

The 2020 Redmond Zoning and Municipal Code Annual Code Cleanup includes one amendment to the City's Accessory Dwelling Unit regulations per Engrossed Substitute Senate Bill 6617. This State law requires that, by July 1, 2021, any city within a county planning under the GMA must adopt or amend ordinances, regulations, or other official controls that do not require the provision of off-street parking for ADUs within one-quarter of a mile from a major transit stop.

ANTICIPATED RESULT IF NOT APPROVED:

Beginning July 1, 2021, the new Accessory Dwelling Units requirements, per Engrossed Substitute Senate Bill 6617 (as set forth in RCW 36.70A.697) apply and take effect in any GMA city that has not adopted or amended such regulations and supersede, preempt, and invalidate any conflicting local development regulations.
