Phase1: POC

1. Tyler will configure 3 business processes in a SaaS vanilla environment using Tyler's best practices.
2. The City will then evaluate the results.
 - a. Planning will be an initial go/no-go decision-maker for the POC in the cloud. If their evaluation of the POC passes, then
 - b. Fire, Parks and Public Works will test their new workflows

The City will make a decision if we want to continue with the full-scope EG analysis and re-implementation effort

Additional processes quoted:

- 3 Parks workflows
- 3 Public Works workflows
