Time Constraints:

Approval of this amendment is essential in funding the maintenance and operations of the recreational trails and support system in the Redmond Watershed Preserve.

ANTICIPATED RESULT IF NOT APPROVED:

The City Council could choose to modify the amendment and direct staff to renegotiate with King County and return with a new, amended agreement for Council's consideration at a later date. This action would delay the payments made by King County to the City for the operations and administration of the Watershed Preserve trail and support system.
