**RE: Petition to Form Community Facilities District Pursuant to RCW 36.145.020
Certificate of Sufficiency**

Dear Kelley Cochran:

King County examined the signatures contained on the petition 2016-1 to form a community facilities district in Redmond and confirmed that the petition has been validly executed by 100% of all owners of the property located within the proposed district. It is therefore determined that the petition is sufficient under RCW 36.145.020.
