Lack of safe bike lanes for routes to RMS and RHS means kids on bikes are too close to fast cars. Frequent pedestrian/car conflicts at the driveways crossing sidewalks during dropoff and pickup at RMS. Right turn on red causes unsafe situations with pedestrians and other cars at the traffic light near RMS. Lack of signalized crosswalks on the northern end of 166th Ave NE leads to students crossing in unsafe places. Missing sidewalk segment near Clara Barton Elementary brings pedestrians into traffic lanes.

Lack of wide sidewalks/cycleways. The road near Redmond Elementary School is very wide. It has a loading zone on one side and a parking zone on the other side of the road. I don't feel comfortable biking in such an open road but the sidewalks are narrow, have lots of driveway entrance slopes, and are busy with people. I'd love if one side of the road's parking/loading zone was used to extend the sidewalk for a cycleway/mixed used path connecting to Anderson Park.

Most of my concerns are probably more applicable to Bellevue schools but some of these apply to Redmond as well (Redmond middle being the biggest concern). Main concerns are a lack of traffic calming/fast traffic around the school and a lack of quality bike infrastructure that can keep kids safe going to/from school.

Anonymous

3/01/2025 01:28 PM

Sometimes the sunshine can be an issue where drivers cannot simply see the pedestrian.

Anonymous

Timberline, Rosa Parks - police presence would be appreciated to have cars slow down and drivers obey traffic laws. Personally we have parents parking illegally in our neighborhood and blocking my personal garage:driveway in their attempts to get students to Rosa parks. I politely confront people. But having police presence to ticket drivers would be more effective

Evergreen and Emily Dickenson. You probably know attempts have been made to slow folks down - the SLOW signs cemented in were run over in short time...I walk 2x a day and people regularly don't stop for me at the crosswalk even if I'm in the middle. A woman yelled at me "I didn't see you!" A speedbump like other schools have would be the solution.

Anonymous

3/03/2025 09:45 AM

The traffic on 180th in front of Audubon Elementary School is horrible during pick up in the afternoon. It is impossible to drive on 180th. Drivers block the road, turn in front of cars trying to go straight and make prohibited turns. As a local resident this is unacceptable

situation. Please find a solution! Also near Audubon, at the intersection of 180 and 24, cars blast through the stop sign all the time. Due to 24 being higher than 180, Drivers need to go up to 24 to see if cars are coming. Unfortunately they go way to fast, block the sidewalk and speed up to 24 so drivers going west are concerned that the car will drive directly into their car. There are often pedestrian on the sidewalk that have to take action to avoid the speeding car.

Anonymous

3/03/2025 09:52 AM

In addition to my previous comments, the traffic builds up fast during pickup and drop offs, especially at pick up and can congest the street. I'm often waiting in line on the road and turning into the parking lot can be a challenge. Police directing the traffic or signals for turning etc can help. The schools I go to are Redmond Middle School and Redmond High School.

There are often long drop-off lines before school starts. Often, drivers will make poor decisions when dropping off a student, such as stopping in the road to let their child out, stopping in the bicycle lane to let their child out, make illegal u-turns, and parking illegally. I don't find speeding to be as much of an issue during drop-off times because it is so congested that no one can speed. I find the illegal stopping, parking, and turning to be dangerous and rarely penalized.

Specifically I have concerns about the area North of Horace Mann Elementary, particularly the 14000 block of 170th Ave NE. Because of the traffic congestion on 104th, this area is used as both auxillary parking by parents, a time save cut through by high schoolers, and

where other side streets tunnel into to become the primary walking route for the neighborhood North of Horace Mann. We live about 3 blocks North and when we need to go to the school early (before the crossing guard is out) for before school activities I opt to drive my child because we've had multiple near misses while in the crosswalk with cars driving to the high school (typically it's the parents of the high schoolers responsible for the near misses, not the teen drivers). In addition to that, parents picking up or dropping off children park as close as possible to 104th, including in front of the stop signs, block visibility, in front of driveways, causing neighbors who need to leave to back out through their lawns, which causes a hazard to walking children. In addition to cars u-turning and causing other traffic issues. I have photos and videos of all of this.

Drivers drop off kids in the middle of main road (Redmond Ridge Drive) outside of Timberline Middle School instead of the school drop off zone. It slows down the traffic significantly and is dangerous for the kids. This happens daily and with multiple vehicles. Redmond Ridge Drive near the school is becoming a kids drop off road.

There is not only a lack of crosswalks, but often a lack of sidewalks. Drivers are extremely aggressive, often speeding and pushing yellow lights to the point they are still fully in the intersection when the opposing green light turns on. I would love not only speed cameras but red light cameras as well.

Rose Hill MH - Very chaotic at pickup and dropoff with vehicles turning, entering, exiting, and parking in all directions. Consider turning restrictions for school driveways and side streets to limit the ways vehicles can approach and leave the school. Could use one additional crosswalk (with curb extension) east of the school around 137th Ave NE, there is no good crossing from Strattonwood. There are speed humps but they are unusually flat, easily traversable above the 25mph speed limit. Consider expanding the no parking zone around school entrance driveways and potentially 'hardening' with flexposts or similar, large SUVs can obscure pedestrians crossing the entrances.

3/04/2025 08:14 PM

Despite claims that lots of people will walk or bus the reality is the majority of people drive an individual cars and traffic is way worse than anticipated or predicted at peak hours

3/06/2025 11:32 AM

I have nearly been hit by a distracted driver coming over the curb at RMS. It's unfortunate that the sidewalks are right along the street with so many student walkers, and that so many drivers seem to think that bicycle lanes are a buffer for their vehicle.

I understand the needs for city to put the speed camera but it does not make situation safer. In fact, it may cause more accidents than being safe. May want to add more light or sign when near parks or school area. If the city is really concerned about the speeding, have law enforcement to be present that is how you make the catch not thru camera.

Anonymous

3/07/2025 08:27 PM

The street behind Rockwell by Meadow park becomes almost impassable at drop off and pickup. Parents park in front of driveways, on corners out in the street. It would be helpful to have a police officer there once or twice a week to educate the parents on safety.

Traffic in and out of Evergreen Middle School during arrival and dismissal can sometimes back out onto 208th AVE NE. The traffic doesn't last long--maybe 5 to 10 minutes. However, there are some drivers who get so impatient waiting that they either speed around cars by driving on the shoulder or crossing the double yellow line and driving towards oncoming traffic. This is dangerous for both other drivers and the pedestrian traffic entering/leaving the school.

Clara Barton Elementary School in North Redmond 1. Rolling stop at the 4-way stop sign NE 122nd St & 172nd Ave NE (<https://maps.app.goo.gl/RB85qUuMidZWndrg6>) is an everyday occurrence. 2. Speeding parents who are late for school drop off 3. Many vehicles going at or above 30mph (as seen from how bad they are jumping over the speed bump) even during school time (yellow light flashing) 4. Cars parked in drop off only zones inside the school. Many kids cross this street to get to school, it is scary to see how fast people drive here.

I have traffic safety concerns near school bus stops. I believe, the large majority of Redmond residents are not clear on what the traffic rules are when the school bus is boarding or deboarding students. It would be great if city of Redmond or Redmond PD can post a video tutorial in their website/ social media handles talking about the traffic do's and don't's of school busstop. Please cover all possible scenarios (like if the bus stop is in a 4 way stop intersection, in a 4 way intersection but 2 way stop, etc)

There's not enough room for bikers and pedestrians— I've seen too many bikers fall into the road. Also wish there was an incentive for families to carpool or bike/walk to school too many drive and it's a neighborhood school. Have reached out to king county but never get a response — would appreciate sharing this feedback with them as these schools are in incorporated Redmond.

The School zone start sign for Albert Einstein Elementary School (coming from Avondale) is far ahead of the lights flashing to indicate a reduced speed limit. In addition, this flashing light is also obscured by tree branches for quite some distance. So most people don't realize that reduced speeds are in effect long after passing the school zone start sign. While I am not aware of anyone being ticketed, this layout is non-ideal for everyone.

Ben Rush, principally with regards to the school zone in Old Red: there are fairly few demarcated crosswalks along the main stretch of

3/09/2025 09:18 PM

the road despite there being several more legal crossing spots. That could potentially make crossing more dangerous for kids and adults, as they would either want/need to cross at an unmarked location where motorists might not be as attentive as they should, or would otherwise have to walk a much longer distance just to cross to the other side. Outside of crossings the speed indicator sign on that stretch of road seems effective from my experience, with not too much deviation from the limit amongst other motorists I've encountered.

Over near the elementary school, the street is very wide which encourages drivers to speed. There are no traffic calming measures like roundabouts or narrow lanes (which could be fixed by narrowing the lanes and adding a protected bike lane) to slow down traffic so it relies solely on the deiver doing the right thing which is never comfortable for pedestrians. There are also very few crosswalks making it unsafe to cross in many places since the street is so wide.

Rose Hill Middle School - heavy car traffic during school drop-off/pick-up times. I'm usually on a bike and it is not at all obvious how I should navigate into the school -- should I enter in via the car loop? Should I get on the sidewalk? The road in front of the school is narrower at the crosswalks and then wider in between the crosswalks, which is challenging to navigate on a bike, as cars want me to pull into the wider parts and then I'm forced to merge back in with traffic at the crosswalks. It also encourages cars pulling over to drop off their kids (rather than entering the car loop) to cut me off. I'm a confident cyclist and I've gotten used to navigating it over the years, but it is not great. The roads leading to/from the school are challenging as well. We usually take Old Redmond to 140th Ave NE and then turn left into the Strattonwood neighborhood. The bike lanes are sometimes not well swept, even when the road is clear. The left turn into Strattonwood is challenging in traffic. Ben Rush - somewhat of a funky situation as we are not zoned to Ben Rush, we are in the neighborhoods west of 148th that are now (as of 2023) zoned to Ben Franklin, but existing families were offered the opportunity to variance in to Rush. Many of us use the back entrance to Rush off 149th Ct. This footpath is not marked. Crossing 148th at NE 61st Way is extremely hairy to say the least. 148th in general is hairy! While the school-specific problem will dissipate over time as current families graduate and new families west of 148th go to Franklin, we do also use that same route during non-school hours, e.g. to access the school playground on weekends, or when walking our dog. In addition, there are families living on the east side of 148th who use that route to get to Rush, and while the 148th crossing isn't an issue for them, the rest will.

Traffic is driven by the volume of cars used for pick up and drop off. I am more concerned with the Avondale congestion. I also strongly oppose the use of traffic speed cameras. This was used near Albert Einstein and Union Hill and was a failure in terms of cost and any meaningful impact. I do not support dollars being spent in this area versus other enforcement such as drugs and crime in the area.

There needs to be traffic controls around RHS. It is the only high school in LWSD that doesn't have a traffic light. This causes cars to be more aggressive to get out of the lot. Also, there should be a metered and enforced crosswalk to prevent students from the steady stream of walking across 104th with no breaks for drivers to get through

oncoming traffic. Then often the school's crossing guard needs to move around my car. I'm also shocked at how fast ppl drive up/down 162nd St NE. Would it be possible to install speed bumps? (Or as my British husband refers to them as: "sleeping police officers" :)

I live in Kirkland and work in Redmond and the speed camera for Kamiakin is pure entrapment (just see the data on number of tickets). Please don't do that to Redmond. It's a sick money grab. I support crosswalks with orange walking flags like in downtown Kirkland and flashing lights at crosswalks. Crossing guards are already there to get children across safely. Please show me where anyone has been struck at a school or park crossing? I don't know if I've ever heard of an indecent. It not, then please consider that this is a pure money grab.

The drivers near Clara Barton Elementary School are sometimes distracted, sometimes drive too fast, and sometimes do not stop for students walking to and from school. Clearly marked/painted/lit crosswalks are needed on NE 122nd Street between NE 124th Street and Clara Barton Elementary for students to cross safely.

Clara Barton Elementary: unsafe/distracted/fast driving during school zone when kids are present. Kids on safety patrol have had their flags hit by cars when they are attempting to cross students. I've witnessed many times an adult safety patrol person having to confront distracted drivers if they even can. We need raised crosswalks and better signage/visibility.

I pass by the school on union hill road and 208th a lot during school hours and hardly anyone obeys the 20 mph speed limit when the lights are flashing. I constantly have people riding my bumper because I'm not going 40. I do think having a second set of flashing lights near the stop light in both directions would help a lot. I think some people forget the lights were flashing while they sit through a red light. And I frequently see people run the red lights not only at this intersection, but also many others downtown.

It looks to me like the city of Redmond is fishing for justification to install speed cameras, which are really municipal revenue raising devices under the guise of "children's safety" . . . a clever tactic done in order to paint opponents as villains who don't care about children's safety. Is there are accident statistics that show there is a problem, then share the data. If not, then don't try to create such statistics by way of anecdotes collected from surveys.

I live on 166th, people speed, but mostly they just don't respect signals. you can have all the stoplights and ped crossing signals in the world but if people speed up when they see you because they don't wanna stop then it's not gonna do any good. also, it feel like a third of cars in redmond have obscured or removed their license plates, so like, they must know they're breaking laws.

General fast moving traffic that rarely slows for pedestrians, drivers that ignore speed limits. The crossings around Redmond Elementary are very long and drivers think the street is wide open for them. The curbs being brought in, or slightly raised crosswalks would help a lot with visibility of people crossing. It would also make drivers more likely to drive more slowly in general on that street.

The streets around our school, Redmond Elementary is overrun with parked cars right now (especially NE 80th St and 169th Ave NE. It makes it very difficult to see cross traffic and I expect it's the same for pedestrians. If you are going to build high-rise housing, the buildings need to accommodate the cars, and not have them parking every which way. I believe that Bellingham has an ordinance that if you live in a building that offers housing, then you need to use it as you will get a ticket if you are parking on the streets at night (something like that; my student graduated a few years ago).

Horace Mann primarily. Our arms race of bigger and bigger cars is particularly dangerous for elementary age kids due to their height. LWSD and the respective towns need to encourage less driving. I'm not sure why Redmond allowed 104th and surrounding streets to be free parking for the high school. The least they could do is install parking meters to recoup and reinvest some of that cost into improved infrastructure. And half the parents driving their kids to school live within half a mile - then drive way to fast though the parking lot, distracted by their phones and decide their smarter than everyone by driving through the teachers lot so their precious spawn only doesn't have to walk 50 extra feet. Then they exist, turning left despite the sign clearly telling them not to. Or turn right and play chicken with the crossing guards.

****Wilder Elementary School - Poor and confusing signage!! The fact that school zones are 20 mph 24/7 is not clear to most people due to random signs that say: "when flashing" or "when students are present". Signs are confusing and the speeds are unsafe often during before/after school/weekend events. RCW 46.61.440 Maximum speed limit when passing school or playground crosswalks—Penalty, disposition of proceeds. (1) Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when operating any vehicle upon a highway either inside or outside an incorporated city or town when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk.
****Redmond High School - No traffic light allowing drivers to enter or exit with any regularity. No metered crosswalk lights to allow pedestrians to walk across street in groups. RHS is the only comprehensive school without a traffic signal. It is dangerous and can cause 45 minute waits to enter or exit the school. Frustrated drivers get angry and cause multiple issues.
