

Our Stories. Our Redmond.

Our commitment to the **Environment, Livability,**
and **Community** for the future of Redmond

City of Redmond
WASHINGTON

A MESSAGE FROM Mayor Angela Birney

I am honored to have the opportunity to serve as Redmond's Mayor. It is a responsibility that I expect to come with many rewards and challenges. I would like to share my vision with you and my commitment to keeping you informed.

My vision for Redmond is a connected community that enhances livability and sustains the environment, and that places Redmond as a leader locally, regionally, and nationally.

Community input and involvement are vital to our growing city. Collaborative opportunities will be created for Redmond residents, businesses, and stakeholders to share their thoughts and ideas on priority projects. Communication and involvement efforts will be transparent, timely, and clear.

I look forward to connecting with you and your neighbors. As a community, we can work together to improve upon what we have built and ensure that Redmond remains a city where all are welcome, and all thrive!

This is Our Story, Our Redmond.

With sincere appreciation,

Angela
