Quarterly Update Policy Options & Alternatives

.....
September 28, 2021 Study Session

Agenda

- **Recap Engagement**
- **Summarize what we heard from Council on 9/21**
- **Hear Council input to inform policy drafting**

Objective:

Hear Council input on policy options and alternatives to guide creation of the draft Comprehensive Plan updates.

Engagement Recap

What Staff Heard on 9/21

- Process: questions and concern about framing as dichotomy
- Informational questions: documented in packet
- Early interest statements, policy direction

Example:

“Design and build infrastructure that is resilient and can be efficiently maintained.”

Comprehensive Plan
Adopts Vision for the City

Example:

Street design and construction standards adopted in the Transportation Master Plan

Functional & Strategic Plans
Defines How Vision will be Implemented

Example:

CIP project scopes and budgets that reflect street design and construction standards

Financing & Implementation
Projects, Programs, Municipal Code, Zoning Code

Housing

What advances the vision for a green and inclusive community?

We heard: vigorously pursue both

Transportation

What advances the vision for well-maintained infrastructure that connects people to opportunity?

We heard: develop policy and investment strategy that allow City to pursue both

Housing

What advances the vision for housing choices?

Keep, reduce, or remove neighborhood restrictions on missing middle housing?

Transportation

What advances the vision for equitable, inclusive, sustainable, and resilient mobility?

Continue focus on completing access to light rail, increase focus on high comfort/low stress connections outside the centers, or both?

Economic Vitality

What advances the vision for a diverse economic base that includes manufacturing?

Support and preserve what we have, introduce additional flexibility, or some of both?

REDMOND
 **2050**

Appendix

Redmond
WASHINGTON

Housing: Missing Middle, e.g., Duplex, Triplex, Fourplex

Remove policy and regulatory barriers in all neighborhoods

Allow, but retain some restrictions in single-family neighborhoods.

Housing: Sustainability and Affordability

Prioritize green building incentives and requirements

Prioritize affordability incentives and requirements

Economic Vitality: **Manufacturing Land Uses & Jobs**

Strengthen policy & regulatory protections for manufacturing

Allow for more flexibility to support complementary uses

Transportation: New Project and Program Priorities

A

Prioritize low stress/high comfort facilities

B

Prioritize access to light rail

C

Give equal weight to projects

Transportation: **Balancing Transportation Investments**

A

Prioritize flexible revenues for maintenance

B

Prioritize flexible revenues for new mobility improvements
