SCORE EARNS NATIONAL ACCREDITATION FROM THE NATIONAL COMMISSION ON HEALTH CARE (NCCHC)

SCORE is one of approximately 250 jails in the United States to earn the NCCHC accreditation and only 8% of jails are nationally accredited. When it comes to delivering quality care in correctional settings, the NCCHC *Standards* provide the framework to ensure that systems, policies and procedures are in place to produce the best outcomes in the most cost-efficient and effective manner.

Developed by leading experts in the fields of health, law and corrections, the *Standards* are our recommendations for managing the delivery of medical and mental health care in correctional systems. These essential resources have guided the field toward continual improvement of care for the incarcerated, strengthening organizational effectiveness and reducing the risk of adverse legal judgments. The *Standards* are also the foundation of NCCHC's accreditation program.

DISABILITY RIGHTS WASHINGTON CONCLUDES SCORE JAIL STUDY

In August 2015, Disability Rights Washington's (DRW) started monitoring SCORE in an effort to make improvements in the lives of individuals with disabilities. In August 2017, DRW published a report regarding the cooperative relationship between DRW and SCORE and the positive changes that have been made for individuals with disabilities which demonstrated a path forward for all Washington jails. Based on DRW's monitoring of visits and the review of records, DRW decided to end their active work at the jail. They recognized SCORE's genuine dedication to meeting the needs of individuals with mental illness and shared their appreciation for the willingness to work with DRW legal team over a two year span.

After receiving positive feedback about mental health programming at the jail, DRW confirmed that individuals are receiving psychiatric evaluation and medication in a timely fashion. Mental health staff are generally providing individualized treatment plans and regular follow up for individuals who have serious mental illness. SCORE is proactively engaging with community service providers to improve programming, coordination of care, and re-entry planning.
