

Transportation Master Plan Update

Date	Issue	Notes & Recommendations	Next Steps
6/4/24	Would it be possible to get the Staff Report presentation ahead of time so we can have questions ready ahead of the discussion? (CM Forsythe)	This Staff Report will be a level set for Councilmembers to get a high-level idea of the variety of transportation plans that are in progress right now and how they relate to each other. This Staff Report will not delve deep into transportation topics but will give an overview of what Council can expect to review in the future. Councilmembers can also review the Redmond 2050 Transportation Element if they want to review Redmond's transportation vision more in-depth.	The Transportation Planning & Engineering team will continue to prepare materials for the Staff Report presentation.
6/4/24	With the opening of the light rail on the Eastside, there has been more community interest in first-last mile connections. Would it be possible to get more information on this during the Staff Report? (CM Salahuddin)	Yes, first-last mile connections will be discussed at the staff report.	The Transportation Planning & Engineering team will continue to prepare materials for the Staff Report presentation.
6/4/24	Would it be possible to provide use-case profiles or scenarios of what residents in Overlake, Education Hill, or other neighborhoods might experience in the transportation network? (CM Fields)	Yes, this information can be prepared for the Transportation Subcommittee and can be incorporated into the Transportation Master Plan document.	The Transportation Planning & Engineering team will continue to prepare materials for the Staff Report presentation.
6/4/24	Thank you for the work that you continue to do to provide safe facilities particularly for pedestrians and bicyclists. (CM Nuevacamina)	Staff will continue to provide updates on active transportation efforts in the Transportation Master Plan, including our bicycle network strategy efforts that will be discussed at the staff report.	The Transportation Planning & Engineering team will continue to prepare materials for the Staff Report presentation.
8/5/24	I've been hearing a lot of safety concerns / requests for a Left turn arrow at the intersection of Bel-Red and West Lake Sammamish Parkway. Currently, there is a bike lane (or space for bikes to move to the front safely) but the turn itself is viewed as unsafe when it is in conjunction with vehicles. The request is for a <u>bike only</u> left-turn arrow (CM Forsythe)	The Planning department will pass this information on to the Traffic Operations & Safety Engineering (TOSE) team in Public Works as they manage Redmond's signals. The Safer Streets Action Plan will include opportunities to reduce conflicts between bicycles and vehicles at Redmond intersections.	Further city staff coordination will be required.

Transportation Master Plan Update

Date	Issue	Notes & Recommendations	Next Steps
8/5/24	Will the curbspace chapter include geofencing for Lime scooters and bikes to have proper zones to park vehicles? (CM Forsythe)	The TMP curbspace chapter will include strategies for managing on-street parking and will provide guidance for prioritizing active modes on Redmond's roadway corridors. This could also include interfacing with Lime and promoting first-last mile solutions such as the Shared Micromobility program.	Finalize Curbspace chapter.
8/5/24	Will pick up and drop off zones for rideshare programs be included in the curbspace management plan? (CM Forsythe)	Policies around curb space priorities, including passenger loading will be included in the curbspace chapter. Specific areas where passenger loading will occur will be identified in the Citywide Right-of-Way Management Plan that will be developed by Public Works in 2025 and will support the strategies outlined in the TMP Curbspace chapter.	Finalize policies and strategies in the curbspace chapter, develop Citywide Right-of-Way Management Plan
8/5/24	Will the TMP provide opportunities to expand flexible transit access with King County Metro programs? Would like to hear more about this at the study session, if possible. (CM Salahuddin)	The upcoming August 13, 2024 Study Session will be focused on the development of the Safer Streets Action Plan; however, this topic will be included in the next TMP Staff Report. Promoting transit access and flexible transit options will be included in the transit chapter of the TMP.	Staff will continue to prepare materials for upcoming staff reports and will work with the consultant team assisting on the future transit network included in the TMP.
8/5/24	What parts of the plan will think more comprehensively about parking management (off street in addition to curbspace)? (CM Kritzer)	Parking management strategies will be included in the Curbspace chapter of the TMP. In addition, a more detailed parking management analysis will be included in the Urban Centers Parking Management Plans that will be developed for Overlake, Downtown Redmond, and Southeast Redmond/Marymoor.	Staff will integrate updated parking data into the curbspace chapter of the TMP.
8/5/24	It is part of our obligation as a jurisdiction to have a responsible transportation plan. I would like to see strengthening of incentives and education of the public to work hand in hand with sustainability and tell the story of why we are encouraging people not just to drive everywhere. We want to tie the strategies in the TMP to GHG reductions. (CM Fields)	The TMP will include strategies and analysis that supports Redmond's goals for reduction of vehicle miles traveled (VMT) and greenhouse gas emissions (GHG). As sustainability is a Guiding Principle of the 2050 Transportation Vision, these concepts will be incorporated into all aspects of the TMP.	Staff will continue with development of the TMP.

Transportation Master Plan Update

11/19/24	If community members want to get in touch with the TMP team, what is the best way they can do that? Do we have any open surveys or questionnaires? (CM Stuart)	<p>Community members can go to the open Let's Connect page to give feedback, as questions, and take available questionnaires.</p> <p>Additionally, the Redmond Pedestrian and Bicycle Advisory Committee (PBAC) will discuss various chapters of the TMP and other related topics at ongoing monthly meetings. PBAC meets on the 2nd Monday of every month at 6:30 p.m., both in City Hall and via Microsoft Teams. For more details, email pedbikecommittee@redmond.gov or visit https://www.redmond.gov/pbac</p>	The next Redmond PBAC meeting will be held Monday, February 10, 2025.
