Together, these grant programs fund a range of preparedness activities, including planning, organization, equipment purchase, training, exercises, and management and administration.

The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Upon successful completion of the terms of this Agreement, all equipment and supplies purchased through this Agreement will be owned by the Subrecipient, or a recognized non-federal entity to which the Subrecipient has made a subaward, for which a contract, subrecipient grant agreement, or other means of legal transfer of ownership is in place.
  - 2. All equipment, and supplies as applicable, purchased under this Agreement will be recorded and maintained in the Subrecipient's inventory system.
  - 3. Inventory system records shall include:
    - a. Description of the property;
    - b. Manufacturer's serial number, model number, or other identification number;
    - c. Funding source for the property, including the Federal Award Identification Number (FAIN);

4. The Subrecipient shall take a physical inventory of the equipment, and supplies as applicable, and reconcile the results with the property records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the records shall be investigated by the Subrecipient to determine the cause of the difference. The Subrecipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.
  5. The Subrecipient shall be responsible for any and all operational and maintenance expenses and for the safe operation of their equipment and supplies including all questions of liability. The Subrecipient shall develop appropriate maintenance schedules and procedures to ensure the equipment, and supplies as applicable, are well-maintained and kept in good operating condition.
  6. The Subrecipient shall develop a control system to ensure adequate safeguards to prevent loss, damage, and theft of the property. Any loss, damage, or theft shall be investigated, and a report generated and sent to the County's Key Personnel.
  7. The Subrecipient must obtain and maintain all necessary certifications and licenses for the equipment.
  8. If the Subrecipient is authorized or required to sell the property, proper sales procedures must be established and followed to ensure the highest possible return. For disposition, if upon termination or at the Grant Agreement End Date, when original or replacement supplies or equipment acquired under a federal award are no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Subrecipient must comply with the following procedures:
  9. For Supplies: If there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other federal award, the Subrecipient must retain the supplies for use on other activities or sell them, but must, in either case, compensate the federal government for its share. The amount of compensation must be computed in the same manner as for equipment.

If any litigation, claim, or audit is started before the expiration of the six- (6-) year period, the records shall be retained by the Subrecipient until all litigation, claims, or audit findings involving the records have been resolved.
12. Allowable equipment categories for HSGP are listed on the Authorized Equipment List (AEL) located on the FEMA website at <https://www.fema.gov/grants/guidance-tools/authorized-equipment-list>. It is important that the Subrecipient and any non-federal entity to which the Subrecipient makes a subaward regard the AEL as an authorized purchasing list identifying items allowed under the specific grant program and includes items that may not be categorized as equipment according to the federal, State, local, and tribal definitions of equipment. The Subrecipient is solely responsible for ensuring and documenting purchased items under this Agreement are authorized as allowed items by the AEL at time of purchase.
13. If the item is not identified on the AEL as allowable under HSGP, the Subrecipient must contact the County's Key Personnel for assistance in seeking FEMA approval prior to acquisition.

15. If funding is allocated to emergency communications, the Subrecipient must ensure that all projects comply with SAFECOM Guidance on Emergency Communications Grants, located at <https://www.cisa.gov/safecom/funding>, ensuring the investments are compatible, interoperable, resilient, and support national goals and objectives for improving emergency communications.

  - c. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

17. This prohibition regarding certain telecommunications and video surveillance services or equipment is mandated by section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (FY 2019 NDAA), Pub. L. No. 115-232 (2018). Recipients and subrecipients may use DHS/FEMA grant funding to procure replacement equipment and services impacted by this prohibition, provided the costs are otherwise consistent with the requirements of the Preparedness Grants Manual and applicable Notice of Funding Opportunity.
18. Per section 889(f)(2)-(3) of the FY 2019 NDAA, and 2 CFR 200.216, covered telecommunications equipment or services means:

  - 1. Pursuant to Ordinance 14823 and as amended by Ordinance 16586, King County's "Equal Benefits" (EB) ordinance, and related administrative rules adopted by the County Executive, as a condition of a competitive award of a contract valued at \$25,000 or more, non-public Contractors agree not to discriminate in the provision of employee benefits between employees with spouses, and employees with domestic partners or employees who reside with legally domiciled members of households during the performance of this Agreement. Failure to comply with this provision shall be considered a material breach of this Agreement and may subject the Subrecipient to administrative sanctions and remedies for breach.
  - 2. When a competitively awarded contract is valued at \$25,000 or more, the Subrecipient shall complete a Worksheet and Declaration form for County review and acceptance prior to Contract execution. The EB Compliance forms, Ordinance 14823 [which is codified at King County Code (KCC) Chapter 12.19], and related administrative rules are incorporated herein by reference. C. Nondiscrimination in Subcontracting Practices

1. During the term of this Agreement, the Subrecipient shall not create barriers to open and fair opportunities to participate in County contracts or to obtain or compete for contracts and subcontracts as sources of supplies, equipment, construction and services. In considering offers from and doing business with subcontractors and suppliers, the Subrecipient shall not discriminate against any person because of their sex, race, color, marital status, national origin, religious affiliation, disability, sexual orientation, gender identity or expression or age except by minimum age and retirement provisions, unless based upon a bona fide occupational qualification.

The Subrecipient shall further comply fully with any equal opportunity requirements set forth in any federal regulations, statutes or rules included or referenced in the contract documents.

E. Small Contractors and Suppliers and Minority and Women Business Enterprises Opportunities

1. The County encourages the Subrecipient to utilize small businesses, including Small Contractors and Suppliers (SCS) as defined below, and minority-owned and women-owned business enterprises certified by the Washington State Office of Minority and Women's Business Enterprises (OMWBE) in County contracts. The County encourages the Subrecipient to use the following voluntary practices to promote open competitive opportunities for small businesses, including SCS firms and minority-owned and women-owned business enterprises.
2. Inquire about King County's Contracting Opportunities Program. King County has established a Contracting Opportunities Program to maximize the participation of SCS firms in the award of County contracts. The Program is open to all SCS firms certified by King County Business Development and Contract Compliance (BDCC). As determined by BDCC and identified in the solicitation documents issued by the County, the Program will apply to specific contracts. However, for those contracts not subject to the Program or for which the Subrecipient elected not to participate in the Program during the solicitation stage, the Subrecipient is still encouraged to inquire voluntarily about available firms. Program materials, including application forms and a directory of certified SCS firms, are available at the following website:  
<http://www.kingcounty.gov/bdcc>.

- a. The term SCS means that a business and the person or persons who own and control it are in a financial condition which puts the business at a substantial disadvantage in attempting to compete for public contracts. The relevant financial condition for eligibility under the Program is set at 50 percent of the Federal Small Business Administration small business size standards using the North American Industry Classification System and Owners' Personal Net Worth less than \$750,000;
  3. Contact the Washington State Office of Minority and Women's Business Enterprises to obtain a list of certified minority-owned and women-owned business enterprises by visiting their website at <http://www.omwbe.wa.gov/> or by telephone 866-208-1064; and

- F. Equal Employment Opportunity Efforts
1. The Subrecipient shall undertake equal employment opportunity efforts to ensure that applicants and employees are treated, without regard to their sex, race, color, marital status, national origin, religious affiliation, disability, sexual orientation, gender identity or expression, or age. The Subrecipient's equal employment opportunity efforts shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeships. The Subrecipient agrees to post in conspicuous places available to employees and applicants for employment notices setting forth this nondiscrimination clause. In accordance with KCC 12.16.010.J, "equal employment opportunity efforts" shall mean active efforts to ensure equal opportunity in employment that is free from all forms of discrimination.
- G. Compliance with Section 504 of the Rehabilitation Act of 1973 as amended (Section 504) and the American Disabilities Act of 1990 as amended (ADA)
1. Pursuant to Title II of the ADA and Section 504 the County must not discriminate against people with disabilities in providing services, programs or activities even if those services, programs, or activities are carried out by contractors. The Subrecipient agrees that it shall provide all programs, services, and activities to County employees or members of the public under this Agreement in the same manner as King County is obligated to under Title II of the ADA, and Section 504 and shall not deny participation or the benefits of such services, programs, or activities to people with disabilities on the basis of such disability. Failure to comply with this section shall be a material breach of, and grounds for, the immediate termination of this Agreement.
  2. The Subrecipient agrees to provide to persons with disabilities access to programs, activities, and services provided under the Contract or agreement, as required by the disability access laws as defined by KCC 12.16; and

unresolved management findings and disallowed or questioned costs shall be included with the audit report. The Subrecipient must respond to Department requests for information or corrective action concerning audit issues or findings within 30 days of the date of request. The County reserves the right to recover from the Subrecipient all disallowed costs resulting from the audit.

If the corrective action is not taken within ten (10) calendar days or as otherwise specified by the County, or if such corrective action is deemed by the County to be insufficient, this Agreement may be terminated in whole or in part.
- E. The County reserves the right to suspend all or part of this Agreement, withhold further payments, or prohibit the Subrecipient from incurring additional obligations of funds during investigation of the alleged compliance breach, pending corrective action by the Subrecipient, if allowed, or pending a decision by the County to terminate this Agreement in whole or in part.
- F. In the event of termination, the Subrecipient shall be liable for all damages as authorized by law, including, but not limited to, any cost difference between the original Agreement and the replacement or cover Agreement and all administrative costs directly related to the replacement Agreement, e.g., cost of administering the competitive solicitation process, mailing, advertising and other associated staff time.
- G. The rights and remedies of the County provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.
- H. If it is determined that the Subrecipient: (1) was not in default or material breach, or (2) failure to perform was outside of the Subrecipient's control, fault or negligence, the termination shall be deemed to be a "Termination for Convenience".

## **XX. CERTIFICATION REGARDING DEBARMENT**

- A. - A. If the County determines that a breach of contract has occurred such that the Subrecipient has failed to comply with any terms or conditions of this Agreement or the Subrecipient has failed to provide in any manner the work or services agreed to herein, and if the County deems said breach to warrant corrective action, the following sequential procedure shall apply:
- B. The County shall notify the Subrecipient in writing of the nature of the breach;
- C. The Subrecipient shall respond in writing no later than ten working days following receipt of such notification, which response shall indicate the steps being taken to correct the specified deficiencies. The corrective action plan shall specify the proposed completion date for bringing this Agreement into compliance, which date shall not be more than 30 days from the date of the Subrecipient's response, unless the County, at its sole discretion, specifies in writing an extension in the number of days to complete the corrective actions;
- D. The County shall notify the Subrecipient in writing of the County's determination as to the sufficiency of the Subrecipient's corrective action plan. The County shall have sole discretion in determining the sufficiency of the Subrecipient's corrective action plan;

Subsection B;
- F. In addition, the County may withhold any payment owed the Subrecipient or prohibit the Subrecipient from incurring additional obligations of funds until the County is satisfied that corrective action has been taken or completed; and
- G. Nothing herein shall be deemed to affect or waive any rights the parties may have pursuant to Section XXIII. Subsections A, B, C, and D.

**TERMINATION**

- H. This Agreement may be terminated by the County without cause, in whole or in part, prior to the termination date specified in Section II, by providing the Subrecipient 30 days advance written notice of the termination.

obligation, or service required pursuant to this Agreement; and/or (2) the duties, obligations, or services required herein become impossible, illegal, or not feasible.

1. If the Agreement is terminated by the County pursuant to this Section XXIII. Subsection B.(1), the Subrecipient shall be liable for damages, including any additional costs of procurement of similar services from another source.
  2. If the termination results from acts or omissions of the Subrecipient, including but not limited to misappropriation, nonperformance of required services, or fiscal mismanagement, the Subrecipient shall immediately return to the County any funds, misappropriated or unexpended, which have been paid to the Subrecipient by the County.
- J. If County or other expected or actual funding is withdrawn, reduced, or limited in any way prior to the termination date set forth in this Agreement and its attached Exhibits, the County may, upon written notification to the Subrecipient, terminate this Agreement in whole or in part.
1. If the Agreement is terminated as provided in this Subsection: (1) the County shall be liable only for payment in accordance with the terms of this Agreement for services rendered prior to the effective date of termination; and (2) the Subrecipient shall be released from any obligation to provide such further services pursuant to the Agreement as are affected by the termination.

Should such appropriation not be approved, this Agreement shall terminate at the close of the current appropriation year.
- K. This Agreement may be terminated by the Subrecipient without cause, prior to the date specified, in Section II, by providing the County 90 days advance written notice of the termination. The Subrecipient shall provide the County 90 days advance written notice of its intent not to renew this Agreement, in whole or in part.
- L. Nothing herein shall limit, waive, or extinguish any right or remedy provided by this Agreement or law that either party may have in the event that the obligations, terms, and conditions set forth in this Agreement are breached by the other party.

service or civil service rights which may accrue to a County employee under state or local law.

- B. The County assumes no responsibility for the payment of any compensation, wages, benefits, or taxes, by, or on behalf of the Subrecipient, its employees, and/or others by reason of this Agreement. The Subrecipient shall protect, indemnify, and save harmless the County, its officers, agents, and employees from and against any and all claims, costs, and/or losses whatsoever occurring or resulting from (a) the Subrecipient's failure to pay any such compensation, wages, benefits, or taxes, and/or (b) the supplying to the Subrecipient of work, services, materials, or supplies by Subrecipient employees or other suppliers in connection with or support of the performance of this Agreement.
- C. This duty to repay the County shall not be diminished or extinguished by the prior termination of the Agreement pursuant to the Termination section.
- D. The Subrecipient shall protect, defend, indemnify, and hold harmless the County, its officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arising out of, or in any way resulting from, the acts or omissions of the Subrecipient, its subcontractors, assigns, agents, contractors, consultants, licensees, invitees, employees, or any person whomsoever arising out of or in connection with any acts or activities under this Agreement. This obligation shall not include such costs, claims, judgments, and/or awards of damages which may be caused by the sole negligence of the County; provided, that if the costs, claims, judgments, and/or awards of damages are caused by or result from the concurrent negligence of (1) the County, and (2) the Subrecipient, its agents, or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Subrecipient, or Subrecipient's agents or employees. The Subrecipient agrees that its obligations under this subparagraph extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, the Subrecipient, by mutual negotiation, hereby waives, as respects the County only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW. In the event the County incurs any judgment, award, and/or cost arising therefrom including attorneys' fees to enforce the provisions of this article, all such fees, expenses, and costs shall be recoverable from the Subrecipient.
- E. The County shall protect, defend, indemnify, and hold harmless the Subrecipient, its officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arising out of, or in any way resulting from, the sole negligent acts or omissions of the County, its officers, employees, or agents. The County agrees that its obligations under this subparagraph extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, the County, by mutual negotiation, hereby waives, as respects the Subrecipient only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW. In the event the Subrecipient incurs any judgment, award, and/or cost arising therefrom including attorneys' fees to enforce the provisions of this article, all such fees, expenses, and costs shall be recoverable from the County.

- F. Claims shall include, but not be limited to, assertions that use or transfer of software, book, document, report, film, tape, or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, and/or otherwise results in unfair trade practice.
- G. To the extent that a Subrecipient subcontractor fails to satisfy its obligation to defend and indemnify the County as detailed in Section XXVIV of this Agreement, the Subrecipient shall protect, defend, indemnify, and hold harmless the County, its officers, employees and agents from any and all costs, claims, judgments, and/or awards or damages arising out of, or in any way resulting from the acts or omissions of the Subrecipient's subcontractor, its officers, employees, and/or agents in connection with or in support of this Agreement.
- H. Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Agreement.
- I. The indemnification, protection, defense, and hold harmless obligations contained herein shall survive the expiration, abandonment, or termination of this Agreement.

**XXV. INSURANCE REQUIREMENTS**

- A. By the date of execution of this Agreement, the Subrecipient shall procure and maintain, at its sole cost and expense, for the duration of this Agreement, insurance against claims for injury to persons or damage to property which may arise from, or in connection with, the performance of work hereunder by the Subrecipient, its agents, representatives, officers, employees, and/or subcontractors. The Subrecipient may furnish separate certificates of insurance and policy endorsements for each subcontractor as evidence of compliance with the insurance requirements of this Agreement. The Subrecipient is responsible for ensuring compliance with all of the insurance requirements stated herein. Failure by the Subrecipient, its agents, employees, representatives, officers, employees, and/or subcontractors to comply with the insurance requirements stated herein shall constitute a material breach of this Agreement.
  - 1. Municipal or State Subrecipient Provisions
    - a. If the Subrecipient is a Municipal Corporation or a Subrecipient of the State of Washington and is self-insured for any of the below insurance requirements, a certification of self-insurance shall be attached hereto and be incorporated by reference and shall constitute compliance with this Section.
- B. For all coverages/policies:
  - 1. Each insurance policy shall be written on an "occurrence" basis; excepting insurance for professional liability (errors and omissions) which may be written on a "claims made" basis.
  - 2. If coverage is approved and purchased on a "claims made" basis, the coverage provided under that insurance shall be maintained, either through consecutive policy renewals, or through the purchase of a tail/extended reporting period, if such renewals are unavailable, for not less than three (3) years from the date of Agreement termination. All insurance written on a "claims made" basis must

have its policy inception or retroactive date be no later than the Effective Date of the Agreement.

3. By requiring such minimum insurance, the County does not and shall not be deemed or construed to have assessed the risks that may be applicable to the Subrecipient, or that of any subcontractor, under this Agreement. To the contrary, this Contract's insurance requirements may not in any way be construed as limiting any potential liability to County or County's potential recovery from Subrecipient. The Subrecipient shall assess its own risks and, if it deems appropriate and/or prudent, maintain greater limits and/or broader coverage.
4. Nothing contained within these insurance requirements shall be deemed to limit the scope, application, and/or limits of the coverage afforded by said policies, and/or which coverage will apply to each insured to the full extent provided by the terms and conditions of the policy(ies). Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Agreement.

C. Minimum Scope and Limits of Insurance

1. Subrecipient shall maintain the following types of insurance and minimum insurance requirements:
  - a. Commercial General Liability: \$1,000,000 per occurrence and \$2,000,000 in the aggregate for bodily injury, personal and advertising injury, and property damage. Coverage shall be at least as broad as that afforded under ISO form number CG 00 01 04 13. Such insurance shall include coverage for, but not limited to, ongoing operations, products and completed operations, and contractual liability.
  - b. Professional Liability (Errors and Omissions): \$1,000,000 per claim and in the aggregate.
  - c. In the event that services delivered pursuant to this Agreement either directly or indirectly involve or require professional services, Professional Liability, Errors, and Omissions coverage shall be provided. "Professional Services", for the purpose of this Agreement section, shall mean any services provided by a licensed professional or those services that require professional standards of care.
  - d. Automobile Liability: \$1,000,000 combined single limit per accident for bodily injury and property damage. Coverage shall be at least as broad as that afforded under ISO form number CA 00 01 10 13 covering BUSINESS AUTO COVERAGE, symbol 1 "any auto"; or the combination of symbols 2, 8 and 9.
  - e. In the event that services delivered pursuant to this Agreement require the use of a vehicle or involve the transportation of clients by Subrecipient personnel in Subrecipient-owned vehicles or non-owned vehicles, the Subrecipient shall provide evidence of the appropriate automobile coverage.

- f. Workers Compensation: Workers Compensation coverage, as required by the Industrial Insurance Act of the State of Washington, as well as any similar coverage required for this work by applicable federal or "Other States" state law.
- g. Employers Liability or "Stop Gap": Coverage with minimum limits of \$1,000,000 each occurrence and shall be at least as broad as the protection provided by the Workers Compensation policy Part 2 (Employers Liability), or, in states with monopolistic state funds, the protection provided by the "Stop Gap" endorsement to the General Liability policy.

D. Deductibles and Self-Insured Retentions

- 1. Any deductible and/or self-insured retention of the policies shall not in any way limit County's right to coverage under the required insurance, or to Subrecipient or any subcontractor's liability to the County, and shall in all instances be the sole responsibility of Subrecipient and any subcontractor, even if no claim has actually been made or asserted against Subrecipient or its subcontractor(s).

E. Other Insurance Provisions

- 1. All required liability insurance policies purchased and maintained by Subrecipient and any of its subcontractors, except professional liability (errors and omissions) and workers compensation policies, shall contain, or be endorsed to contain, the following provisions:
  - 2. The County, its officials, employees and agents shall be covered as additional insured, for full coverage and policy limits, as respects liability arising out of activities performed by or on behalf of the Subrecipient or its agents, representatives, employees, or subcontractor(s) in connection with this Agreement. (CG 2010 11/85 or its commercial equivalent). Additional insured endorsements shall be included with the certificate of insurance.
    - a. All required liability policies purchased and maintained by Subrecipient and any of its subcontractors shall contain or be endorsed to contain the following provisions:
      - b. Coverage shall be primary insurance as respects the County, its officials, employees, and agents. Any insurance and/or self-insurance maintained by the County, its officials, employees or agents shall not contribute with the Subrecipient's or any subcontractor's insurance or benefit the Subrecipient or any subcontractor, or their respective insurers in any way.
      - c. Insurance shall expressly state that it applies separately to each insured and additional insured against whom claim is made and/or lawsuit is brought, except with respect to the limits of the insurer's liability.

F. All Policies

- 1. County shall receive notice at least thirty (30) days prior to the effective date of any cancellation, lapse of coverage, or material change in the policy.

G. Acceptability of Insurers

1. Unless otherwise approved by the County:
  - a. Insurance is to be placed with insurers with an A.M. Best rating of no less than A: VIII, or, if not rated with Bests, with minimum surpluses the equivalent of A.M. Best surplus size VIII.
  - b. Professional Liability (Errors and Omissions) insurance may be placed with insurers with an A.M. Best rating of B+VII. Any exception must be approved by the County.
  - c. If, at any time, the foregoing policies shall fail to meet the above minimum requirements the Subrecipient shall, upon notice to that effect from the County, promptly obtain a new policy, and shall submit the same to the County, with appropriate certificates and endorsements, for approval.

H. Verification of Coverage

1. The Subrecipient shall furnish the County certificates of insurance and endorsements certifying the issuance of all insurance required herein. Such certificates and endorsements, and renewals thereof, shall be attached as exhibits to the Agreement. All such evidence of insurance shall be signed by a properly authorized officer, agent, general agent or qualified representative of the insurer(s), shall set forth the name of the insured(s), the type and amount of insurance, the inception and expiration dates, shall specify the form number of any endorsements issued to satisfy this Agreement's insurance requirements. Subrecipient shall also obtain and provide to County, upon County's request, that same documentation regarding the insurance held by any subcontractor that is not insured under the Subrecipient's insurance. The County reserves the right to require complete, certified copies of all required insurance policies, including all endorsements and riders, which may be redacted of any confidential or proprietary information. Subrecipient shall deliver such policies to the County within five (5) business days of County's request.

County's receipt or acceptance of this policy documentation does not in any way alter, modify, the foregoing requirements, or, consequently, constitute the County's acceptance of the adequacy of Subrecipient's insurance or preclude or prevent any action by County against Subrecipient for breach of the requirements in this Section.

I. Subcontractors

1. Subrecipient shall include all subcontractors as insureds under its policies or, alternatively, the Subrecipient must require each of its subcontractors to procure and maintain appropriate and reasonable insurance coverage and limits to cover each of the subcontractor's liabilities given the subcontractor's scope of work and the services being provided. All of subcontractor's liability insurance (except professional liability and workers compensation) must include the County, its officials, agents and employees as additional insured for full coverage and policy limits.

**XXVI. SUBCONTRACTS AND PURCHASES**

- A. The Subrecipient shall include Sections V. Operating Budget, VII. Reporting Requirements, VIII. Maintenance of Records, IX. Evaluations and Inspections, X. Administrative Requirements, XI. Additional Requirements, XII. Procurement and Financial Management, XIII. Equipment Management, XIV. Internal Control and Accounting System, XVI. Compliance with Applicable Law, XVIII. Proprietary Rights, XIX. Audits, XX. Certification Regarding Debarment, XXI. Assignment, XXIV. Future Support, XXV. Hold Harmless and Indemnification, XXVI. Insurance Requirements, XXVIII. Conflict of Interest, XXIX. Political Activity Prohibited, XXX. Disclosure of Lobbying Activities, XXXII. Entire Agreement/Waiver of Default, XXXIII. Severability, and XXXIV. No Third Party Beneficiaries of this Agreement in every subcontract or purchase agreement for services which relate to the subject matter of this Agreement.
- B. The Subrecipient agrees to include the following language verbatim in every subcontract, provider agreement, or purchase agreement for services which relate to the subject matter of this Agreement:
1. "Subcontractor shall protect, defend, indemnify, and hold harmless King County, its officers, employees and agents from any and all costs, claims, judgments, and/or awards of damages arising out of, or in any way resulting from the acts or omissions of subcontractor, its subcontractors, assigns, agents, contractors, consultants, licensees, invitees, employees or any person whomsoever arising out of or in connection with or in support of this Agreement. This obligation shall not include such costs, claims, judgments, and/or awards of damages which may be caused by the sole negligence of the County; provided, that if the costs, claims, judgments, and/or awards of damages are caused by or result from the concurrent negligence of (1) the County, and (2) subcontractor, its agents, or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of subcontractor, or subcontractor's agents or employees. Subcontractor expressly agrees and understands that King County is a third party beneficiary to this Agreement and shall have the right to bring an action against subcontractor to enforce the provisions of this paragraph."
- C. The Subrecipient shall ensure that all subcontractors receiving any federal funds pursuant to this Agreement have not been disbarred or suspended from federal contract participation. This may be done by checking the System for Award Management (SAM), (<https://www.sam.gov>), maintained by the federal government. The Subrecipient also agrees not to enter into any arrangements or contracts with any party on the Washington State Department of Labor and Industries' "Debarred Contractor List" (<https://secure.lni.wa.gov/debarandstrike/ContractorDebarList.aspx>). The Subrecipient also agrees not to enter into any agreements or contracts for the purchase of goods and services with any party on the Department of Enterprise Services' Debarred Vendor List (<http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/Vendor-Debarment.aspx>).

## **XXVII. CONFLICT OF INTEREST**

- A. The Subrecipient agrees to comply with applicable provisions of KCC Chapter 3.04. Failure to comply with such provisions shall be a material breach of this Agreement and may result in termination of this Agreement pursuant to Section XXIII and subject the Subrecipient to the remedies stated therein, or otherwise available to the County at law or in equity.

- B. The Subrecipient agrees, pursuant to KCC 3.04.060, that it will not willfully attempt to secure preferential treatment in its dealings with the County by offering any valuable consideration, thing of value, or gift; whether in the form of services, loan, thing or promise; in any form to any County official or employee. The Subrecipient acknowledges that if it is found to have violated the prohibition found in this paragraph, its current agreements with the County shall be cancelled and it shall not be able to bid on any County contract for a period of two years.
- C. The Subrecipient acknowledges that for one year after leaving County employment, a former County employee may not have a financial or beneficial interest in a contract or grant that was planned, authorized, or funded by a County action in which the former County employee participated during County employment. Subrecipient shall identify, at the time of offer, current or former County employees involved in the preparation of proposals or the anticipated performance of work if awarded the Contract. Failure to identify current or former County employees involved in this transaction may result in the County's denying or terminating this Agreement. After Agreement award, the Subrecipient is responsible for notifying the County's project manager of current or former County employees who may become involved in the Agreement any time during the term of the Agreement.

#### **XXVIII. POLITICAL ACTIVITY PROHIBITED**

- A. None of the funds, materials, property, or services; provided directly or indirectly under this Agreement; shall be used for any partisan political activity or to further the election or defeat of any candidate for public office.

#### **XXIX. DISCLOSURE OF LOBBYING ACTIVITIES**

- A. As required by 44 CFR Part 18, the Subrecipient hereby certifies that to the best of its knowledge and belief: (1) no federally appropriated funds have been paid or will be paid by or on behalf of the Subrecipient to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement; (2) that if any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of Congress, or an employee of a Member of Congress in connection with this Agreement, the Subrecipient will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; (3) and that, as applicable, the Subrecipient will require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all Subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into, and is a prerequisite for making or entering into this transaction imposed by section 1352, title 31 U.S. Code.

**XXX. AGREEMENT AMENDMENTS**

A. Either party may request amendments to this Agreement. This Agreement will not be amended unless both parties agree to the change. To request an amendment, the Subrecipient must fill out and submit an Amendment Request Form 30 days prior to the Agreement End Date. Any changes to this Agreement’s budget must have a Revised Contract Budget Sheet submitted as well. Proposed amendments which are mutually agreed upon shall be incorporated by written amendments to this Agreement.

**XXXI. ENTIRE AGREEMENT/WAIVER OF DEFAULT**

A. The parties agree that this Agreement is the complete expression of the terms hereto and any oral or written representations or understandings not incorporated herein are excluded. Both parties recognize that time is of the essence in the performance of the provisions of this Agreement. Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver or breach of any provision of the Agreement shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the Agreement unless stated to be such through written approval by the County, which shall be attached to the original Agreement.

**XXXII. SEVERABILITY**

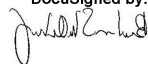

A. In the event any term or condition of this Agreement, any provision of any document incorporated by reference, or application of this Agreement to any person or circumstances is held invalid, such invalidity shall not affect other terms, conditions, or applications of this Agreement which can be given effect without the invalid term, condition, or application. To this end, the terms and conditions of this Agreement are declared severable.

**XXXIII. NO THIRD PARTY BENEFICIARIES**

A. Except for the Parties to whom this Agreement is assigned in compliance with the terms of this Agreement, there are no third party beneficiaries to this Agreement, and this Agreement shall not impart any rights enforceable by any person or entity that is not a Party hereto.

RE: City of Seattle Self-Insurance Program

This is to verify the City of Seattle's Liability Insurance Programs for General Liability, Automobile Liability and Worker's Compensation. The City maintains a \$10 million per occurrence primary self-insured layer and purchases several layers of excess liability insurance.

The City of Seattle's primary self-insured retention program is administered in-house and approved by the State of Washington. In the event of an incident that occurred because of the City's negligence or for which the City was found responsible, indemnification would be addressed under this program. Provisions of the Seattle Municipal Code would be followed, with subrogation as may be appropriate.

If the above described self-insurance program is cancelled or materially reduced, the City will provide not less than ten (10) days notice.

Please contact me at 206-386-4531 or [amber.udelhoven@seattle.gov](mailto:amber.udelhoven@seattle.gov) if you need additional information.

**ARTICLE II. ADMINISTRATIVE AND/OR FINANCIAL REQUIREMENTS**

The Subrecipient shall comply with all applicable state and federal laws, rules, regulations, requirements and program guidance identified or referenced in this Agreement and the informational documents published by DHS/FEMA applicable to the 22HSGP Program, including, but not limited to, all criteria, restrictions, and requirements of “*The Department of Homeland Security (DHS) Notice of Funding Opportunity (NOFO) Fiscal Year 2022 Homeland Security Grant Program*” (hereafter “the NOFO”) document, the *FEMA Preparedness Grants Manual* document, Version 3, published May 2022 (hereafter “the Manual”), the DHS Award Letter for the Grant, and the federal regulations commonly applicable to DHS/FEMA grants, all of which are incorporated herein by reference. The *DHS Award Letter* is incorporated in this Agreement as Attachment C.

The Subrecipient acknowledges that since this Agreement involves federal award funding, the period of performance may begin prior to the availability of appropriated federal funds. The Subrecipient agrees that it will not hold the Department, the State of Washington, or the United States liable for any damages, claim for reimbursement, or any type of payment whatsoever for services performed under this Agreement prior to distribution of appropriated federal funds, or if federal funds are not appropriated or in a particular amount.

**A. STATE AND FEDERAL REQUIREMENTS FOR DHS/FEMA PREPAREDNESS GRANTS:**

The following requirements apply to all DHS/FEMA Preparedness Grants administered by the Department.

**1. SUBAWARDS & CONTRACTS BY SUBRECIPIENTS**

- a. The Subrecipient must make a case-by-case determination whether each agreement it makes for the disbursement of 22HSGP funds received under this Agreement casts the party receiving the funds in the role of a subrecipient or contractor in accordance with 2 CFR 200.331.
- b. If the Subrecipient also becomes a pass-through entity by making a subaward to a non-federal entity as its subrecipient, the Subrecipient must make a case-by-case determination whether each agreement it makes for the disbursement of 22HSGP funds received under this Agreement casts the party receiving the funds in the role of a subrecipient or contractor in accordance with 2 CFR 200.330.
  - i. The Subrecipient must comply with all federal laws and regulations applicable to pass-through entities of 22HSGP funds, including, but not limited to, those contained in 2 CFR 200.
  - ii. The Subrecipient shall require its subrecipient(s) to comply with all applicable state and federal laws, rules, regulations, requirements and program guidance identified or referenced

in this Agreement and the informational documents published by DHS/FEMA applicable to the 22HSGP Program, including, but not limited to, all criteria, restrictions, and requirements of the NOFO, the Manual, the DHS Award Letter for the Grant in Attachment C, and the federal regulations commonly applicable to DHS/FEMA grants.

- iii. The Subrecipient shall be responsible to the Department for ensuring that all 22HSGP federal award funds provided to its subrecipients are used in accordance with applicable federal and state statutes and regulations, and the terms and conditions of the federal award set forth in Attachment C of this Agreement.

## 2. BUDGET, REIMBURSEMENT, AND TIMELINE

- a. Within the total Grant Agreement Amount, travel, subcontracts, salaries, benefits, printing, equipment, and other goods and services or other budget categories will be reimbursed on an actual cost basis upon completion unless otherwise provided in this Agreement.
- b. The maximum amount of all reimbursement requests permitted to be submitted under this Agreement, including the final reimbursement request, is limited to and shall not exceed the total Grant Agreement Amount.
- c. If the Subrecipient chooses to include indirect costs within the Budget (Attachment E), additional documentation is required based on the applicable situation. As described in 2 CFR 200.414 and Appendix VII to 2 CFR 200:
  - i. If the Subrecipient receives direct funding from any Federal agency(ies), documentation of the rate must be submitted to the Department Key Personnel per the following:
    - A. More than \$35 million, the approved indirect cost rate agreement negotiated with its federal cognizant agency.
    - B. Less than \$35 million, the indirect cost proposal developed in accordance with Appendix VII of 2 CFR 200 requirements.
  - ii. If the Subrecipient does not receive direct federal funds (i.e., only receives funds as a subrecipient), the Subrecipient must either elect to charge a de minimis rate of ten percent (10%) or 10% of modified total direct costs or choose to negotiate a higher rate with the Department. If the latter is preferred, the Subrecipient must contact Department Key Personnel for approval steps.
- d. For travel costs, the Subrecipient shall comply with 2 CFR 200.475 and should consult their internal policies, state rates set pursuant to RCW 43.03.050 and RCW 43.03.060 as now existing or amended, and federal maximum rates set forth at <https://www.gsa.gov>, and follow the most restrictive. If travel costs exceed set state or federal limits, travel costs shall not be reimbursed without prior written approval by Department Key Personnel.
- e. Reimbursement requests will include a properly completed State A-19 Invoice Form and Reimbursement Spreadsheet (in the format provided by the Department) detailing the expenditures for which reimbursement is sought. Reimbursement requests must be submitted to [Reimbursements@mil.wa.gov](mailto:Reimbursements@mil.wa.gov) no later than the due dates listed within the Timeline (Attachment F).
 

Reimbursement request totals should be commensurate to the time spent processing by the Subrecipient and the Department.
- f. Receipts and/or backup documentation for any approved items that are authorized under this Agreement must be maintained by the Subrecipient consistent with record retention requirements of this Agreement and be made available upon request by the Department, and federal, state, and local auditors.
- g. The Subrecipient must request **prior** written approval from Department Key Personnel to waive or extend a due date in the Timeline (Attachment F). For waived or extended reimbursement due dates, all allowable costs should be submitted on the next scheduled reimbursement due date contained in the Timeline. Waiving or missing deadlines serves as an indicator for assessing an agency's level of risk of noncompliance with the regulations, requirements, and the terms and

conditions of the Agreement and may increase required monitoring activities. Any request for a waiver or extension of a due date in the Timeline will be treated as a request for Amendment of the Agreement. This request must be submitted to the Department Key Personnel sufficiently in advance of the due date to provide adequate time for Department review and consideration and may be granted or denied within the Department's sole discretion.

- h. All work under this Agreement must end on or before the Grant Agreement End Date, and the final reimbursement request must be submitted to the Department within forty-five (45) days after the Grant Agreement End Date, except as otherwise authorized by either (1) written amendment of this Agreement or (2) written notification from the Department to the Subrecipient to provide additional time for completion of the Subrecipient's subproject(s).
- i. No costs for purchases of equipment/supplies will be reimbursed until the related equipment/supplies have been received by the Subrecipient, its contractor, or any non-federal entity to which the Subrecipient makes a subaward and is invoiced by the vendor.
- j. Failure to submit timely, accurate, and complete reports and reimbursement requests as required by this Agreement (including, but not limited to, those reports in the Timeline [Attachment F]) will prohibit the Subrecipient from being reimbursed until such reports are submitted and the Department has had reasonable time to conduct its review.
- k. Final reimbursement requests will not be approved for payment until the Subrecipient is current with all reporting requirements contained in this Agreement.
- l. For SHSP and UASI Subrecipients, a written amendment will be required if the Subrecipient expects cumulative transfers among subproject totals, as identified in the Budget (Attachment E), to exceed ten percent (10%) of the Grant Agreement Amount. If a Subrecipient has only one subproject, cumulative transfers among solution areas within the subproject that exceed ten percent (10%) of the Grant Agreement Amount shall require an amendment to this Agreement.
- m. For OPSG Subrecipients, any deviations from the approved, direct budget categories will require additional federal approvals and a written amendment.
- n. Subrecipients shall only use federal award funds under this Agreement to supplement existing funds and will not use them to replace (supplant) non-federal funds that have been budgeted for the same purpose. The Subrecipient may be required to demonstrate and document that the reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

### **3. REPORTING**

- a. With each reimbursement request, the Subrecipient shall report how the expenditures, for which reimbursement is sought, relate to the Work Plan (Attachments D-1, D-2, D-3) activities in the format provided by the Department.
- b. With the final reimbursement request, the Subrecipient shall submit to the Department Key Personnel a final report describing all completed activities under this Agreement.
- c. The Subrecipient shall comply with the Federal Funding Accountability and Transparency Act (FFATA) and related OMB Guidance consistent with Public Law 109-282 as amended by section 6202(a) of Public Law 110-252 (see 31 U.S.C. 6101 note) and complete and return to the *Department an Audit Certification/FFATA Form*. This form is required to be completed once per calendar year, per Subrecipient, and not per agreement. The Department's Contracts Office will request the Subrecipient submit an updated form at the beginning of each calendar year in which the Subrecipient has an active agreement.

### **4. EQUIPMENT AND SUPPLY MANAGEMENT**

- a. The Subrecipient and any non-federal entity to which the Subrecipient makes a subaward shall comply with 2 CFR 200.317 through 200.327 when procuring any equipment or supplies under this Agreement, 2 CFR 200.313 for management of equipment, and 2 CFR 200.314 for management of supplies, to include, but not limited to:
  - i. Upon successful completion of the terms of this Agreement, all equipment and supplies purchased through this Agreement will be owned by the Subrecipient, or a recognized non-

- federal entity to which the Subrecipient has made a subaward, for which a contract, subrecipient grant agreement, or other means of legal transfer of ownership is in place.
- ii. All equipment, and supplies as applicable, purchased under this Agreement will be recorded and maintained in the Subrecipient's inventory system.
  - iii. Inventory system records shall include:
    - A. Description of the property;
    - B. Manufacturer's serial number, model number, or other identification number;
    - C. Funding source for the property, including the Federal Award Identification Number (FAIN) (Face Sheet, Box 11);
    - D. Assistance Listings Number (Face Sheet, Box 13);
    - E. Who holds the title;
    - F. Acquisition date;
    - G. Cost of the property and the percentage of federal participation in the cost;
    - H. Location, use and condition of the property at the date the information was reported;
    - I. Disposition data including the date of disposal and sale price of the property.
  - iv. The Subrecipient shall take a physical inventory of the equipment, and supplies as applicable, and reconcile the results with the property records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the records shall be investigated by the Subrecipient to determine the cause of the difference. The Subrecipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.
  - v. The Subrecipient shall be responsible for any and all operational and maintenance expenses and for the safe operation of the equipment and supplies including all questions of liability. The Subrecipient shall develop appropriate maintenance schedules and procedures to ensure the equipment, and supplies as applicable, are well-maintained and kept in good operating condition.
  - vi. The Subrecipient shall develop a control system to ensure adequate safeguards to prevent loss, damage, and theft of the property. Any loss, damage, or theft shall be investigated, and a report generated and sent to the Department's Key Personnel.
  - vii. The Subrecipient must obtain and maintain all necessary certifications and licenses for the equipment.
  - viii. If the Subrecipient is authorized or required to sell the property, proper sales procedures must be established and followed to ensure the highest possible return. For disposition, if upon termination or at the Grant Agreement End Date, when original or replacement supplies or equipment acquired under a federal award are no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Subrecipient must comply with the following procedures:
    - A. For Supplies: If there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other federal award, the Subrecipient must retain the supplies for use on other activities or sell them, but must, in either case, compensate the federal government for its share. The amount of compensation must be computed in the same manner as for equipment.
    - B. For Equipment:
      - 1) Items with a current per-unit fair-market value of five thousand dollars (\$5,000) or less may be retained, sold, transferred, or otherwise disposed of with no further obligation to the federal awarding agency.

- 2) Items with a current per-unit fair-market value in excess of five thousand dollars (\$5,000) may be retained or sold. The Subrecipient shall compensate the federal awarding agency in accordance with the requirements of 2 CFR 200.313 (e) (2).
- ix. Records for equipment shall be retained by the Subrecipient for a period of six (6) years from the date of the disposition, replacement, or transfer. If any litigation, claim, or audit is started before the expiration of the six- (6-) year period, the records shall be retained by the Subrecipient until all litigation, claims, or audit findings involving the records have been resolved.
  - b. The Subrecipient shall comply with the Department's Purchase Review Process, which is incorporated by reference and made part of this Agreement. No reimbursement will be provided unless the appropriate approval has been received.
  - c. Allowable equipment categories for the grant program are listed on the Authorized Equipment List (AEL) located on the FEMA website at <https://www.fema.gov/grants/guidance-tools/authorized-equipment-list>. It is important that the Subrecipient and any non-federal entity to which the Subrecipient makes a subaward regard the AEL as an authorized purchasing list identifying items allowed under the specific grant program; the AEL includes items that may not be categorized as equipment according to the federal, state, local, and tribal definitions of equipment. The Subrecipient is solely responsible for ensuring and documenting purchased items under this Agreement are authorized as allowed items by the AEL at time of purchase.  
  
If the item is not identified on the AEL as allowable under the grant program, the Subrecipient must contact the Department Key Personnel for assistance in seeking FEMA approval **prior** to acquisition.
  - d. Unless expressly provided otherwise, all equipment must meet all mandatory regulatory and/or DHS/FEMA adopted standards to be eligible for purchase using federal award funds.
  - e. If funding is allocated to emergency communications, the Subrecipient must ensure that all projects comply with SAFECOM Guidance on Emergency Communications Grants, located at <https://www.cisa.gov/safecom/funding>, ensuring the investments are compatible, interoperable, resilient, and support national goals and objectives for improving emergency communications.
  - f. Effective August 13, 2020, FEMA recipients and subrecipients, as well as their contractors and subcontractors, may not obligate or expend any FEMA award funds to:
    - i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
    - ii. Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system; or
    - iii. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

This prohibition regarding certain telecommunications and video surveillance services or equipment is mandated by section 889 of the *John S. McCain National Defense Authorization Act for Fiscal Year 2019 (FY 2019 NDAA)*, Pub. L. No. 115-232 (2018). Recipients and subrecipients may use DHS/FEMA grant funding to procure replacement equipment and services impacted by this prohibition, provided the costs are otherwise consistent with the requirements of the Manual and applicable NOFO.

Per subsections 889(f)(2)-(3) of the FY 2019 NDAA, and 2 CFR 200.216, covered telecommunications equipment or services means:

- i. Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, (or any subsidiary or affiliate of such entities);

- ii. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);
  - iii. Telecommunications or video surveillance services provided by such entities or using such equipment; or
  - iv. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
- g. For OPSG Subrecipients, items budgeted as equipment in an approved Operations Order should be marked prominently with “Purchased with DHS funds for Operation Stonegarden Use” when practicable.
  - h. The Subrecipient must pass through equipment and supply management requirements that meet or exceed the requirements outlined above to any non-federal entity to which the Subrecipient makes a subaward of federal award funds under this Agreement.

## 5. ENVIRONMENTAL AND HISTORICAL PRESERVATION

- a. The Subrecipient shall ensure full compliance with the DHS/FEMA Environmental Planning and Historic Preservation (EHP) Program. EHP program information can be found at <https://www.fema.gov/grants/guidance-tools/environmental-historic> all of which are incorporated in and made a part of this Agreement.
- b. Projects that have historical impacts or the potential to impact the environment, **including, but not limited to**, construction of communication towers; modification or renovation of existing buildings, structures, and facilities; or new construction, including replacement of facilities, must participate in the DHS/FEMA EHP review process prior to project initiation. Modification of existing buildings, including minimally invasive improvements such as attaching monitors to interior walls, and training or exercises occurring outside in areas not considered previously disturbed also require a DHS/FEMA EHP review before project initiation.
- c. The EHP review process involves the submission of a detailed project description that includes the entire scope of work, including any alternatives that may be under consideration, along with supporting documentation so FEMA may determine whether the proposed project has the potential to impact environmental resources and/or historic properties.
- d. The Subrecipient agrees that, to receive any federal preparedness funding, all EHP compliance requirements outlined in applicable guidance must be met. The EHP review process **must be completed and FEMA approval must be received by the Subrecipient before any work is started** for which reimbursement will be later requested. Expenditures for projects started before completion of the EHP review process and receipt of approval by the Subrecipient may not be reimbursed.

## 6. PROCUREMENT

- a. The Subrecipient shall comply with all procurement requirements of 2 CFR 200.317 through 200.327 and as specified in the General Terms and Conditions (Attachment B, A.10).
- b. For all sole source contracts expected to exceed \$250,000, the Subrecipient must submit to the Department for pre-procurement review and approval the procurement documents, such as requests for proposals, invitations for bids and independent cost estimates. This requirement must be passed on to any non-federal entity to which the Subrecipient makes a subaward, at which point the Subrecipient will be responsible for reviewing and approving sole source justifications of any non-federal entity to which the Subrecipient makes a subaward.

## 7. SUBRECIPIENT MONITORING

- a. The Department will monitor the activities of the Subrecipient from award to closeout. The goal of the Department's monitoring activities will be to ensure that agencies receiving federal pass-through funds are in compliance with this Agreement, federal and state audit requirements, federal grant guidance, and applicable federal and state financial regulations, as well as 2 CFR Part 200 Subpart F.
- b. To document compliance with 2 CFR Part 200 Subpart F requirements, the Subrecipient shall complete and return to the Department an Audit Certification/FFATA form. This form is required to be completed once per calendar year, per Subrecipient, and not per agreement. The Department's Contracts Office will request the Subrecipient submit an updated form at the beginning of each calendar year in which the Subrecipient has an active agreement.
- c. Monitoring activities may include, but are not limited to:
  - i. Review of financial and performance reports;
  - ii. Monitoring and documenting the completion of Agreement deliverables;
  - iii. Documentation of phone calls, meetings (e.g., agendas, sign-in sheets, meeting minutes), e-mails, and correspondence;
  - iv. Review of reimbursement requests and supporting documentation to ensure allowability and consistency with Agreement Work Plan (Attachments D-1, D-2, D-3), Budget (Attachment E), and federal requirements;
  - v. Observation and documentation of Agreement-related activities, such as exercises, training, events, and equipment demonstrations; and
  - vi. On-site visits to review equipment records and inventories, to verify source documentation for reimbursement requests and performance reports, and to verify completion of deliverables.
- d. The Subrecipient is required to meet or exceed the monitoring activities, as outlined above, for any non-federal entity to which the Subrecipient makes a subaward as a pass-through entity under this Agreement.
- e. Compliance will be monitored throughout the performance period to assess risk. Concerns will be addressed through a corrective action plan.

## 8. LIMITED ENGLISH PROFICIENCY (CIVIL RIGHTS ACT OF 1964 TITLE VI)

The Subrecipient must comply with the Title VI of the Civil Rights Act of 1964 (Title VI) prohibition against discrimination on the basis of national origin, which requires that subrecipients of federal financial assistance take reasonable steps to provide meaningful access to persons with limited English proficiency (LEP) to their programs and services. Providing meaningful access for persons with LEP may entail providing language assistance services, including oral interpretation and written translation. Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (August 11, 2000), requires federal agencies to issue guidance to recipients, assisting such organizations and entities in understanding their language access obligations. DHS published the required recipient guidance in April 2011, DHS Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition against National Origin Discrimination Affecting Limited English Proficient Persons, 76 Fed. Reg. 21755-21768, (April 18, 2011). The Guidance provides helpful information such as how a recipient can determine the extent of its obligation to provide language services, selecting language services, and elements of an effective plan on language assistance for LEP persons. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance at <https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited> and additional resources on <https://www.lep.gov>.

## 9. NIMS COMPLIANCE

- a. The National Incident Management System (NIMS) identifies concepts and principles that answer how to manage emergencies from preparedness to recovery regardless of their cause, size, location, or complexity. NIMS provides a consistent, nationwide approach and vocabulary for

multiple agencies or jurisdictions to work together to build, sustain, and deliver the core capabilities needed to achieve a secure and resilient nation.

- b. Consistent implementation of NIMS provides a solid foundation across jurisdictions and disciplines to ensure effective and integrated preparedness, planning, and response. NIMS empowers the components of the National Preparedness System, a requirement of Presidential Policy Directive 8, to guide activities within the public and private sector and describes the planning, organizational activities, equipping, training, and exercising needed to build and sustain the core capabilities in support of the National Preparedness Goal.
- c. In order to receive federal preparedness funding from the Department, the Subrecipient must achieve, or be actively working to achieve, all of the NIMS Implementation Objectives located at <https://www.fema.gov/emergency-managers/nims/implementation-training>.

## B. HSGP SPECIFIC REQUIREMENTS

1. The Subrecipient must use HSGP funds only to perform tasks as described in the Work Plan (Attachments D-1, D-2, D-3), as approved by the Department, and in compliance with this Agreement.
  - a. SHSP-funded projects must assist state, local, tribal, and territorial efforts to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism.
  - b. UASI-funded projects must assist high-threat, high-density Urban Area efforts to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism.
  - c. OPSG-funded projects must support enhanced cooperation and coordination among Customs and Border Protection, United States Border Patrol, and federal, state, local, tribal, and territorial law enforcement agencies to support joint efforts to secure the United States' borders along routes of ingress/egress to and from international borders, to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders. State, local, tribal, and territorial law enforcement agencies utilize their inherent law enforcement authorities to support the border security mission and do not receive any additional authority as a result of participation in OPSG.
  - d. State agencies, including law enforcement, must comply with RCW 43.17.425 and may not use agency funds (including this grant), facilities, property, equipment, or personnel, to investigate, enforce, cooperate with, or assist in the investigation or enforcement of any federal registration or surveillance programs or any other laws, rules, or policies that target Washington residents solely on the basis of race, religion, immigration, or citizenship status, or national or ethnic origin, except as provided in RCW 43.17.425 (3).
2. The Budget (Attachment E) may include the following caps and thresholds:
  - a. If funds are allotted for Management and Administration (M&A), such expenditures must be related to administration of the grant. The maximum percentage of the Grant Agreement Amount that may be used for M&A costs when allocated under this Agreement shall not exceed five percent (5%) but may be less.
  - b. At least thirty percent (30%) of the combined HSGP award allocated under SHSP and UASI must be dedicated to law enforcement terrorism prevention activities (LETPA). To meet this requirement, the Subrecipient has agreed, at a minimum, to meet the LETPA percentage indicated in the Budget. **If the Subrecipient anticipates spending less than the indicated amount, a budget amendment is required.**
  - c. The maximum percentage of the Grant Agreement Amount that may be used for personnel expenses under this Agreement is identified in the Budget. If the Subrecipient anticipates spending more on personnel costs, **an amendment is required.** Additional approval steps may also be required before the personnel percentage can be increased.
3. If funding is allocated to a Fusion Center investment, the Subrecipient must ensure all Fusion Center analytical personnel demonstrate qualifications that meet or exceed competencies identified in the Common Competencies for state, local, and tribal intelligence analysts, which outlines the minimum

categories of training needed for intelligence analysts. All training to ensure baseline proficiency in intelligence analysis and production must be completed within six (6) months of hiring unless the analyst has previously served as an intelligence analyst for a minimum of two (2) years. Proof of satisfaction of this requirement must be accessible to the Department Key Personnel as applicable.

4. If funding is allocated to non-DHS FEMA training, the Subrecipient must request **prior** written approval from the Department Key Personnel before attending the training. The Department will coordinate approval with the State Training Point of Contact. Pursuant to DHS/FEMA Grant Programs Directorate Information Bulletin No. 432, Review and Approval Requirements for Training Courses Funded Through Preparedness Grants, [https://www.fema.gov/sites/default/files/2020-04/Training\\_Course\\_Review\\_and\\_Approval\\_IB\\_Final\\_7\\_19\\_18.pdf](https://www.fema.gov/sites/default/files/2020-04/Training_Course_Review_and_Approval_IB_Final_7_19_18.pdf), the training must fall within the FEMA mission scope and be in alignment with the Subrecipient's Emergency Operations Plan. This requirement only applies to training courses and does not include attendance at conferences. Furthermore, additional federal approvals are required for courses that relate to Countering Violent Extremism prior to attendance.
5. For SHSP and UASI, Subrecipients are required to complete the annual Nationwide Cybersecurity Review (NCSR) <https://www.cisecurity.org/ms-isac/services/ncsr> to benchmark and measure progress of improvement in their cybersecurity posture.
6. Except for an elevated National Terrorism Advisory System alert, **prior** written approval is required before SHSP and UASI funds may be used for operational overtime. Requests must be submitted to the Department Key Personnel in advance of the expenditure to ensure all additional approval steps can be met.
7. SHSP Subrecipients shall participate in the State's annual Stakeholder Preparedness Review (SPR), the State's Threat and Hazard Identification and Risk Assessment (THIRA), core capabilities assessments, and data calls. Non-participation may result in withholding of funding under future grant years.
8. UASI Subrecipients shall participate in the annual UASI SPR and THIRA process
9. Subrecipients should document their preparedness priorities and use them to deploy a schedule of preparedness events in a multi-year Integrated Preparedness Plan (IPP). Subrecipients are encouraged to participate in the State's annual Integrated Preparedness Planning Workshop (IPPW) or may conduct their own local/regional IPPW. Information related to IPPs and Integrated Preparedness Planning Workshops (IPPWs) can be found on the HSEEP website at <https://www.fema.gov/HSEEP> and <https://preptoolkit.fema.gov/>.

### **C. DHS TERMS AND CONDITIONS**

- d. **“Monitoring Activities”** means all administrative, financial, or other review activities that are conducted to ensure compliance with all state and federal laws, rules, regulations, authorities and policies.
- e. **“Stakeholders Preparedness Report (SPR)”** The SPR is an annual three-step self-assessment of a community’s capability levels based on the capability targets identified in the THIRA.
- f. **“Subrecipient”** when capitalized is primarily used throughout this Agreement in reference to the non-federal entity identified on the Face Sheet of this Agreement that has received a subaward from the Department. However, the definition of “Subrecipient” is the same as in 2 CFR 200.1 for all other purposes.
- g. **“Threat and Hazard Identification and Risk Assessment (THIRA)”** The THIRA is a three-step risk assessment. The THIRA helps communities understand their risks and determine the level of capability they need in order to address those risks. The outputs from this process lay the foundation for determining a community’s capability gaps during the SPR process.

**A.2 ADVANCE PAYMENTS PROHIBITED**

The Department shall make no payments in advance or in anticipation of goods or services to be provided under this Agreement. Subrecipient shall not invoice the Department in advance of delivery and invoicing of such goods or services.

**A.3 AMENDMENTS AND MODIFICATIONS**

The Subrecipient or the Department may request, in writing, an amendment or modification of this Agreement. However, such amendment or modification shall not be binding, take effect or be incorporated herein until made in writing and signed by the authorized representatives of the Department and the Subrecipient. No other understandings or agreements, written or oral, shall be binding on the parties.

The Agreement performance period shall only be extended by (1) written notification of DHS/FEMA approval of the Award performance period, followed up with a mutually agreed written amendment, or (2) written notification from the Department to the Subrecipient to provide additional time for completion of the Subrecipient’s project(s).

**A.4 AMERICANS WITH DISABILITIES ACT (ADA) OF 1990, PUBLIC LAW 101-336, 42 U.S.C. 12101 ET SEQ. AND ITS IMPLEMENTING REGULATIONS ALSO REFERRED TO AS THE “ADA” 28 CFR Part 35.**

The Subrecipient must comply with the ADA, which provides comprehensive civil rights protection to individuals with disabilities in the areas of employment, public accommodations, state and local government services, and telecommunication.

#### A.5 ASSURANCES

The Department and Subrecipient agree that all activity pursuant to this Agreement will be in accordance with all the applicable current federal, state and local laws, rules, and regulations.

#### A.6 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, OR INELIGIBILITY

As federal funds are a basis for this Agreement, the Subrecipient certifies that the Subrecipient is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in this Agreement by any federal department or agency.

The Subrecipient shall complete, sign, and return a *Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion* form located at <http://mil.wa.gov/emergency-management-division/grants/requiredgrantforms>. Any such form completed by the Subrecipient for this Agreement shall be incorporated into this Agreement by reference.

Further, the Subrecipient agrees to comply with all applicable federal regulations concerning the federal debarment and suspension system, including 2 CFR Part 180. The Subrecipient certifies that it will ensure that potential contractors or subrecipients or any of their principals are not debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in "covered transactions" by any federal department or agency. "Covered transactions" include procurement contracts for goods or services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000, and subawards to Subrecipients for any amount. With respect to covered transactions, the Subrecipient may comply with this provision by obtaining a certification statement from the potential contractor or subrecipient or by checking the System for Award Management (<https://sam.gov/SAM/>) maintained by the federal government. The Subrecipient also agrees not to enter into any arrangements or contracts with any party on the Washington State Department of Labor and Industries' "Debarred Contractor List" (<https://secure.lni.wa.gov/debarandstrike/ContractorDebarList.aspx>). The Subrecipient also agrees not to enter into any agreements or contracts for the purchase of goods and services with any party on the Department of Enterprise Services' "Debarred Vendor List" (<http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/Vendor-Debarment.aspx>).

#### A.7 CERTIFICATION REGARDING RESTRICTIONS ON LOBBYING

As required by 44 CFR Part 18, the Subrecipient hereby certifies that to the best of its knowledge and belief: (1) no federally appropriated funds have been paid or will be paid by or on behalf of the Subrecipient to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement; (2) that if any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Agreement, grant, loan, or cooperative agreement, the Subrecipient will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; (3) and that, as applicable, the Subrecipient will require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all Subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352.

#### A.8 COMPLIANCE WITH APPLICABLE STATUTES, RULES AND DEPARTMENT POLICIES

The Subrecipient and all its contractors and subrecipients shall comply with, and the Department is not responsible for determining compliance with, any and all applicable federal, state, and local laws, regulations, executive orders, OMB Circulars, and/or policies. This obligation includes, but is not limited to: nondiscrimination laws and/or policies, Energy Policy and Conservation Act (PL 94-163, as amended), the Americans with Disabilities Act (ADA), Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Civil Rights Act of 1968, the Robert T. Stafford Disaster Relief and Emergency Assistance Act, (PL 93-288, as amended), Ethics in Public Service (RCW 42.52), Covenant Against Contingent Fees (48 CFR Section 52.203-5), Public Records Act (RCW 42.56), Prevailing Wages on Public Works (RCW

39.12), State Environmental Policy Act (RCW 43.21C), Shoreline Management Act of 1971 (RCW 90.58), State Building Code (RCW 19.27), Energy Related Building Standards (RCW 19.27A), Provisions in Buildings for Aged and Handicapped Persons (RCW 70.92), and safety and health regulations.

In the event of noncompliance or refusal to comply with any applicable law, regulation, executive order, OMB Circular or policy by the Subrecipient, its contractors or subrecipients, the Department may rescind, cancel, or terminate the Agreement in whole or in part in its sole discretion. The Subrecipient is responsible for all costs or liability arising from its failure, and that of its contractors and subrecipients, to comply with applicable laws, regulations, executive orders, OMB Circulars or policies.

#### A.9 CONFLICT OF INTEREST

No officer or employee of the Department; no member, officer, or employee of the Subrecipient or its designees or agents; no member of the governing body of the jurisdiction in which the project is undertaken or located; and no other official of the Subrecipient who exercises any functions or responsibilities with respect to the project during his or her tenure, shall have any personal or pecuniary gain or interest, direct or indirect, in any contract, subcontract, or the proceeds thereof, for work to be performed in connection with the project assisted under this Agreement.

The Subrecipient shall incorporate, or cause to incorporate, in all such contracts or subawards, a provision prohibiting such interest pursuant to this provision.

#### A.10 CONTRACTING & PROCUREMENT

a. The Subrecipient shall use a competitive procurement process in the procurement and award of any contracts with contractors or subcontractors that are entered into under the original agreement award. The procurement process followed shall be in accordance with 2 CFR Part 200.318, General procurement standards, through 200.327, Contract provisions.

As required by Appendix II to 2 CFR Part 200, all contracts entered into by the Subrecipient under this Agreement must include the following provisions, as applicable:

- 1) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- 2) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-federal entity including the manner by which it will be affected and the basis for settlement.
- 3) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "*Equal Employment Opportunity*" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "*Amending Executive Order 11246 Relating to Equal Employment Opportunity*," and implementing regulations at 41 CFR part 60, "*Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor*."
- 4) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "*Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction*"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as

supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or Subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency.

- 5) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- 6) Rights to Inventions Made Under a Contract or Agreement. If the federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or Subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or Subrecipient must comply with the requirements of 37 CFR Part 401, “*Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,*” and any implementing regulations issued by the awarding agency.
- 7) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- 8) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “*Debarment and Suspension.*” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
- 9) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award.
- 10) Procurement of recovered materials – As required by 2 CFR 200.323, a non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only

items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

- 11) Notice of federal awarding agency requirements and regulations pertaining to reporting.
  - 12) Federal awarding agency requirements and regulations pertaining to copyrights and rights in data.
  - 13) Access by the Department, the Subrecipient, the federal awarding agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.
  - 14) Retention of all required records for six years after the Subrecipient has made final payments and all other pending matters are closed.
  - 15) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).
  - 16) Pursuant to Executive Order 13858 "*Strengthening Buy-American Preferences for Infrastructure Projects*," and as appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States, as required in 2 CFR Part 200.322, in every contract, subcontract, purchase order, or sub-award that is chargeable against federal financial assistance awards.
  - 17) Per 2 C.F.R. § 200.216, prohibitions regarding certain telecommunications and video surveillance services or equipment are mandated by *section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (FY 2019 NDAA), Pub. L. No. 115-232 (2018)*.
- b. The Department reserves the right to review the Subrecipient's procurement plans and documents and require the Subrecipient to make changes to bring its plans and documents into compliance with the requirements of 2 CFR Part 200.317 through 200.327. The Subrecipient must ensure that its procurement process requires contractors and subcontractors to provide adequate documentation with sufficient detail to support the costs of the project and to allow both the Subrecipient and Department to make a determination on eligibility of project costs.
- c. All contracting agreements entered into pursuant to this Agreement shall incorporate this Agreement by reference.

#### A.11 DISCLOSURE

The use or disclosure by any party of any information concerning the Department for any purpose not directly connected with the administration of the Department's or the Subrecipient's responsibilities with respect to services provided under this Agreement is prohibited except by prior written consent of the Department or as required to comply with the state Public Records Act, other law or court order.

#### A.12 DISPUTES

Except as otherwise provided in this Agreement, when a bona fide dispute arises between the parties and it cannot be resolved through discussion and negotiation, either party may request a dispute resolution board to resolve the dispute. A request for a dispute resolution board shall be in writing, state the disputed issues, state the relative positions of the parties, and be sent to all parties. The board shall consist of a representative appointed by the Department, a representative appointed by the Subrecipient and a third party mutually agreed upon by both parties. The determination of the dispute resolution board shall be final and binding on the parties hereto. Each party shall bear the cost for its member of the dispute resolution board and its attorney fees and costs and share equally the cost of the third board member.

**A.13 LEGAL RELATIONS**

It is understood and agreed that this Agreement is solely for the benefit of the parties to the Agreement and gives no right to any other party. No joint venture or partnership is formed as a result of this Agreement.

To the extent allowed by law, the Subrecipient, its successors or assigns, will protect, save and hold harmless the Department, the state of Washington, and the United States Government and their authorized agents and employees, from all claims, actions, costs, damages or expenses of any nature whatsoever by reason of the acts or omissions of the Subrecipient, its subcontractors, subrecipients, assigns, agents, contractors, consultants, licensees, invitees, employees or any person whomsoever arising out of or in connection with any acts or activities authorized by this Agreement.

To the extent allowed by law, the Subrecipient further agrees to defend the Department and the state of Washington and their authorized agents and employees in any litigation; including payment of any costs or attorneys' fees for any claims or action commenced thereon arising out of or in connection with acts or activities authorized by this Agreement.

This obligation shall not include such claims, costs, damages or expenses which may be caused by the sole negligence of the Department; provided, that if the claims or damages are caused by or result from the concurrent negligence of (1) the Department, and (2) the Subrecipient, its agents, or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Subrecipient, or the Subrecipient's agents or employees.

Insofar as the funding source, FEMA, is an agency of the Federal government, the following shall apply:

44 CFR 206.9 Non-liability. The Federal government shall not be liable for any claim based upon the exercise or performance of, or the failure to exercise or perform a discretionary function or duty on the part of a federal agency or an employee of the Federal government in carrying out the provisions of the Stafford Act.

**A.14 LIMITATION OF AUTHORITY – AUTHORIZED SIGNATURE**

The signatories to this Agreement represent that they have the authority to bind their respective organizations to this Agreement. Only the Department's Authorized Signature representative and the Authorized Signature representative of the Subrecipient or Alternate for the Subrecipient, formally designated in writing, shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Agreement. Any alteration, amendment, modification, or waiver of any clause or condition of this Agreement is not effective or binding unless made in writing and signed by both parties' Authorized Signature representatives, except as provided for time extensions in Article A.3.

Further, only the Authorized Signature representative or Alternate for the Subrecipient shall have signature authority to sign reimbursement requests, time extension requests, amendment and modification requests, requests for changes to projects or work plans, and other requests, certifications and documents authorized by or required under this Agreement.

**A.15 LOSS OR REDUCTION OF FUNDING**

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Agreement and prior to normal completion or end date, the Department may unilaterally reduce the work plan and budget or unilaterally terminate all or part of the Agreement as a "Termination for Cause" without providing the Subrecipient an opportunity to cure. Alternatively, the parties may renegotiate the terms of this Agreement under "Amendments and Modifications" to comply with new funding limitations and conditions, although the Department has no obligation to do so.

**A.16 NONASSIGNABILITY**

Neither this Agreement, nor any claim arising under this Agreement, shall be transferred or assigned by the Subrecipient.

**A.17 NONDISCRIMINATION**

During the performance of this agreement, the Subrecipient shall comply with all federal and state nondiscrimination statutes and regulations. These requirements include, but are not limited to:

- a. Nondiscrimination in Employment: The Contractor shall not discriminate against any employee or applicant for employment because of race, color, sex, sexual orientation, religion, national origin, creed, marital status, age, Vietnam era or disabled veterans status, or the presence of any sensory,

mental, or physical handicap. This requirement does not apply, however, to a religious corporation, association, educational institution or society with respect to the employment of individuals of a particular religion to perform work connected with the carrying on by such corporation, association, educational institution or society of its activities.

- b. The Subrecipient shall take action to ensure that employees are employed and treated during employment without discrimination because of their race, color, sex, sexual orientation religion, national origin, creed, marital status, age, Vietnam era or disabled veteran status, or the presence of any sensory, mental, or physical handicap. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment selection for training, including apprenticeships and volunteers.

A.18 NOTICES

The Subrecipient shall comply with all public notices or notices to individuals required by applicable local, state and federal laws and regulations and shall maintain a record of this compliance.

A.19 OCCUPATIONAL SAFETY/HEALTH ACT and WASHINGTON INDUSTRIAL SAFETY/HEALTH ACT (OSHA/WISHA)

The Subrecipient represents and warrants that its workplace does now or will meet all applicable federal and state safety and health regulations that are in effect during the Subrecipient's performance under this Agreement. To the extent allowed by law, the Subrecipient further agrees to indemnify and hold harmless the Department and its employees and agents from all liability, damages and costs of any nature, including, but not limited to, costs of suits and attorneys' fees assessed against the Department, as a result of the failure of the Subrecipient to so comply.

A.20 OWNERSHIP OF PROJECT/CAPITAL FACILITIES

The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Agreement, and by this subaward of funds does not and will not acquire any ownership interest or title to such property of the Subrecipient. The Subrecipient shall assume all liabilities and responsibilities arising from the ownership and operation of the project and agrees to indemnify and hold the Department, the state of Washington, and the United States government harmless from any and all causes of action arising from the ownership and operation of the project.

A.21 POLITICAL ACTIVITY

No portion of the funds provided herein shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

A.22 PROHIBITION AGAINST PAYMENT OF BONUS OR COMMISSION

The assistance provided under this Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval of the application for such assistance or any other approval or concurrence under this Agreement provided, however, that reasonable fees or bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

A.23 PUBLICITY

The Subrecipient agrees to submit to the Department prior to issuance all advertising and publicity matters relating to this Agreement wherein the Department's name is mentioned, or language used from which the connection of the Department's name may, in the Department's judgment, be inferred or implied. The Subrecipient agrees not to publish or use such advertising and publicity matters without the prior written consent of the Department. The Subrecipient may copyright original work it develops in the course of or under this Agreement; however, pursuant to 2 CFR Part 200.315, FEMA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use the work for government purposes.

Publication resulting from work performed under this Agreement shall include an acknowledgement of FEMA's financial support, by the Assistance Listings Number (formerly CFDA Number), and a statement that the publication does not constitute an endorsement by FEMA or reflect FEMA's views.

A.24 RECAPTURE PROVISION

In the event the Subrecipient fails to expend funds under this Agreement in accordance with applicable federal, state, and local laws, regulations, and/or the provisions of the Agreement, the Department reserves the right to recapture funds in an amount equivalent to the extent of noncompliance. Such right

of recapture shall exist for the life of the project following Agreement termination. Repayment by the Subrecipient of funds under this recapture provision shall occur within 30 days of demand. In the event the Department is required to institute legal proceedings to enforce the recapture provision, the Department shall be entitled to its costs and expenses thereof, including attorney fees from the Subrecipient.

#### A.25 RECORDS

- a. The Subrecipient agrees to maintain all books, records, documents, receipts, invoices and all other electronic or written records necessary to sufficiently and properly reflect the Subrecipient's contracts, subawards, grant administration, and payments, including all direct and indirect charges, and expenditures in the performance of this Agreement (the "records").
- b. The Subrecipient's records related to this Agreement and the projects funded may be inspected and audited by the Department or its designee, by the Office of the State Auditor, DHS, FEMA or their designees, by the Comptroller General of the United States or its designees, or by other state or federal officials authorized by law, for the purposes of determining compliance by the Subrecipient with the terms of this Agreement and to determine the appropriate level of funding to be paid under the Agreement.
- c. The records shall be made available by the Subrecipient for such inspection and audit, together with suitable space for such purpose, at any and all times during the Subrecipient's normal working day.
- d. The Subrecipient shall retain and allow access to all records related to this Agreement and the funded project(s) for a period of at least six (6) years following final payment and closure of the grant under this Agreement. Despite the minimum federal retention requirement of three (3) years, the more stringent State requirement of six (6) years must be followed.

#### A.26 RESPONSIBILITY FOR PROJECT/STATEMENT OF WORK/WORK PLAN

While the Department undertakes to assist the Subrecipient with the project/statement of work/work plan (project) by providing federal award funds pursuant to this Agreement, the project itself remains the sole responsibility of the Subrecipient. The Department undertakes no responsibility to the Subrecipient, or to any third party, other than as is expressly set out in this Agreement.

The responsibility for the design, development, construction, implementation, operation and maintenance of the project, as these phrases are applicable to this project, is solely that of the Subrecipient, as is responsibility for any claim or suit of any nature by any third party related in any way to the project.

Prior to the start of any construction activity, the Subrecipient shall ensure that all applicable federal, state, and local permits and clearances are obtained, including, but not limited to, FEMA compliance with the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, and all other environmental laws, regulations, and executive orders.

The Subrecipient shall defend, at its own cost, any and all claims or suits at law or in equity, which may be brought against the Subrecipient in connection with the project. The Subrecipient shall not look to the Department, or to any state or federal agency, or to any of their employees or agents, for any performance, assistance, or any payment or indemnity, including, but not limited to, cost of defense and/or attorneys' fees, in connection with any claim or lawsuit brought by any third party related to any design, development, construction, implementation, operation and/or maintenance of a project.

#### A.27 SEVERABILITY

If any court of rightful jurisdiction holds any provision or condition under this Agreement or its application to any person or circumstances invalid, this invalidity does not affect other provisions, terms or conditions of the Agreement, which can be given effect without the invalid provision. To this end, the terms and conditions of this Agreement are declared severable.

#### A.28 SINGLE AUDIT ACT REQUIREMENTS (including all AMENDMENTS)

The Subrecipient shall comply with and include the following audit requirements in any subawards.

Non-federal entities, as Subrecipients of a federal award, that expend **\$750,000** or more in one fiscal year of federal funds from all sources, direct and indirect, are required to have a single or a program-specific audit conducted in accordance with 2 CFR Part 200 Subpart F. Non-federal entities that spend less than **\$750,000** a year in federal awards are exempt from federal audit requirements for that year, except as noted in 2 CFR Part 200 Subpart F. As defined in 2 CFR Part 200, the term "non-federal entity"

means a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient.

Subrecipients that are required to have an audit must ensure the audit is performed in accordance with Generally Accepted Government Auditing Standards (GAGAS) as found in the Government Auditing Standards (the Revised Yellow Book) developed by the United States Comptroller General and the OMB Compliance Supplement. The Subrecipient has the responsibility of notifying its auditor and requesting an audit in compliance with 2 CFR Part 200 Subpart F, to include the Washington State Auditor's Office, a federal auditor, or a public accountant performing work using GAGAS, as appropriate. Costs of the audit may be an allowable grant expenditure as authorized by 2 CFR Part 200.425.

The Subrecipient shall maintain auditable records and accounts so as to facilitate the audit requirement and shall ensure that any subcontractors also maintain auditable records. The Subrecipient is responsible for any audit exceptions incurred by its own organization or that of its subcontractors. Responses to any unresolved management findings and disallowed or questioned costs shall be included with the audit report. The Subrecipient must respond to Department requests for information or corrective action concerning audit issues or findings within 30 days of the date of request. The Department reserves the right to recover from the Subrecipient all disallowed costs resulting from the audit.

After the single audit has been completed, and if it includes any audit findings, the Subrecipient must send a full copy of the audit and its Corrective Action Plan to the Department at the following address no later than nine (9) months after the end of the Subrecipient's fiscal year(s):

**Contracts Office  
Washington Military Department  
Finance Division, Building #1 TA-20  
Camp Murray, WA 98430-5032**

**OR**

The Department retains the sole discretion to determine whether a valid claim for an exemption from the audit requirements of this provision has been established.

Conducting a single or program-specific audit in compliance with 2 CFR Part 200 Subpart F is a material requirement of this Agreement. In the absence of a valid claim of exemption from the audit requirements of 2 CFR Part 200 Subpart F, the Subrecipient's failure to comply with said audit requirements may result in one or more of the following actions in the Department's sole discretion: a percentage of federal awards being withheld until the audit is completed in accordance with 2 CFR Part 200 Subpart F; the withholding or disallowing of overhead costs; the suspension of federal awards until the audit is conducted and submitted; or termination of the federal award.

#### A.29 SUBRECIPIENT NOT EMPLOYEE

The Subrecipient, and/or employees or agents performing under this Agreement, are not employees or agents of the Department in any manner whatsoever. The Subrecipient will not be presented as nor claim to be an officer or employee of the Department or of the State of Washington by reason hereof, nor will the Subrecipient make any claim, demand, or application to or for any right, privilege or benefit applicable to an officer or employee of the Department or of the State of Washington, including, but not limited to, Workers' Compensation coverage, unemployment insurance benefits, social security benefits, retirement membership or credit, or privilege or benefit which would accrue to a civil service employee under Chapter 41.06 RCW; OFM Reg. 4.3.1.1.8.

It is understood that if the Subrecipient is another state department, state agency, state university, state college, state community college, state board, or state commission, that the officers and employees are employed by the State of Washington in their own right.

If the Subrecipient is an individual currently employed by a Washington State agency, the Department shall obtain proper approval from the employing agency or institution before entering into this contract. A statement of "no conflict of interest" shall be submitted to the Department.

#### A.30 TAXES, FEES AND LICENSES

Unless otherwise provided in this Agreement, the Subrecipient shall be responsible for, pay and maintain in current status all taxes, unemployment contributions, fees, licenses, assessments, permit charges and

expenses of any other kind for the Subrecipient or its staff required by statute or regulation that are applicable to Agreement performance.

#### A.31 TERMINATION FOR CONVENIENCE

Notwithstanding any provisions of this Agreement, the Subrecipient may terminate this Agreement by providing written notice of such termination to the Department Key Personnel identified in the Agreement, specifying the effective date thereof, at least thirty (30) days prior to such date.

Except as otherwise provided in this Agreement, the Department, in its sole discretion and in the best interests of the state of Washington, may terminate this Agreement in whole or in part ten (10) business days after emailing notice to the Subrecipient. Upon notice of termination for convenience, the Department reserves the right to suspend all or part of the Agreement, withhold further payments, or prohibit the Subrecipient from incurring additional obligations of funds. In the event of termination, the Subrecipient shall be liable for all damages as authorized by law. The rights and remedies of the Department provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.

#### A.32 TERMINATION OR SUSPENSION FOR LOSS OF FUNDING

The Department may unilaterally terminate or suspend all or part of this Grant Agreement, or may reduce its scope of work and budget, if there is a reduction in funds by the source of those funds, and if such funds are the basis for this Grant Agreement. The Department will email the Subrecipient ten (10) business days prior to termination.

#### A.33 TERMINATION OR SUSPENSION FOR CAUSE

In the event the Department, in its sole discretion, determines the Subrecipient has failed to fulfill in a timely and proper manner its obligations under this Agreement, is in an unsound financial condition so as to endanger performance hereunder, is in violation of any laws or regulations that render the Subrecipient unable to perform any aspect of the Agreement, or has violated any of the covenants, agreements or stipulations of this Agreement, the Department has the right to immediately suspend or terminate this Agreement in whole or in part.

The Department may notify the Subrecipient in writing of the need to take corrective action and provide a period of time in which to cure. The Department is not required to allow the Subrecipient an opportunity to cure if it is not feasible as determined solely within the Department's discretion. Any time allowed for cure shall not diminish or eliminate the Subrecipient's liability for damages or otherwise affect any other remedies available to the Department. If the Department allows the Subrecipient an opportunity to cure, the Department shall notify the Subrecipient in writing of the need to take corrective action. If the corrective action is not taken within ten (10) calendar days or as otherwise specified by the Department, or if such corrective action is deemed by the Department to be insufficient, the Agreement may be terminated in whole or in part.

The Department reserves the right to suspend all or part of the Agreement, withhold further payments, or prohibit the Subrecipient from incurring additional obligations of funds during investigation of the alleged compliance breach, pending corrective action by the Subrecipient, if allowed, or pending a decision by the Department to terminate the Agreement in whole or in part.

In the event of termination, the Subrecipient shall be liable for all damages as authorized by law, including, but not limited to, any cost difference between the original Agreement and the replacement or cover Agreement and all administrative costs directly related to the replacement Agreement, e.g., cost of administering the competitive solicitation process, mailing, advertising and other associated staff time. The rights and remedies of the Department provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.

If it is determined that the Subrecipient: (1) was not in default or material breach, or (2) failure to perform was outside of the Subrecipient's control, fault or negligence, the termination shall be deemed to be a termination for convenience.

#### A.34 TERMINATION PROCEDURES

In addition to the procedures set forth below, if the Department terminates this Agreement, the Subrecipient shall follow any procedures specified in the termination notice. Upon termination of this Agreement and in addition to any other rights provided in this Agreement, the Department may require

the Subrecipient to deliver to the Department any property specifically produced or acquired for the performance of such part of this Agreement as has been terminated.

If the termination is for convenience, the Department shall pay to the Subrecipient as an agreed upon price, if separately stated, for properly authorized and completed work and services rendered or goods delivered to and accepted by the Department prior to the effective date of Agreement termination, the amount agreed upon by the Subrecipient and the Department for (i) completed work and services and/or equipment or supplies provided for which no separate price is stated, (ii) partially completed work and services and/or equipment or supplies provided which are accepted by the Department, (iii) other work, services and/or equipment or supplies which are accepted by the Department, and (iv) the protection and preservation of property.

Failure to agree with such amounts shall be a dispute within the meaning of the "Disputes" clause of this Agreement. If the termination is for cause, the Department shall determine the extent of the liability of the Department. The Department shall have no other obligation to the Subrecipient for termination. The Department may withhold from any amounts due the Subrecipient such sum as the Department determines to be necessary to protect the Department against potential loss or liability.

The rights and remedies of the Department provided in this Agreement shall not be exclusive and are in addition to any other rights and remedies provided by law.

After receipt of a notice of termination, and except as otherwise directed by the Department in writing, the Subrecipient shall:

- a. Stop work under the Agreement on the date, and to the extent specified, in the notice;
- b. Place no further orders or contracts for materials, services, supplies, equipment and/or facilities in relation to this Agreement except as may be necessary for completion of such portion of the work under the Agreement as is not terminated;
- c. Assign to the Department, in the manner, at the times, and to the extent directed by the Department, all of the rights, title, and interest of the Subrecipient under the orders and contracts so terminated, in which case the Department has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and contracts;
- d. Settle all outstanding liabilities and all claims arising out of such termination of orders and contracts, with the approval or ratification of the Department to the extent the Department may require, which approval or ratification shall be final for all the purposes of this clause;
- e. Transfer title to the Department and deliver in the manner, at the times, and to the extent directed by the Department any property which, if the Agreement had been completed, would have been required to be furnished to the Department;
- f. Complete performance of such part of the work as shall not have been terminated by the Department in compliance with all contractual requirements; and
- g. Take such action as may be necessary, or as the Department may require, for the protection and preservation of the property related to this Agreement which is in the possession of the Subrecipient and in which the Department has or may acquire an interest.

#### A.35 MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

In accordance with the legislative findings and policies set forth in Chapter 39.19 RCW, the State of Washington encourages participation in all its contracts by MWBE firms certified by the Office of Minority and Women's Business Enterprises (OMWBE). To the extent possible, the Subrecipient will solicit and encourage minority-owned and women-owned business enterprises who are certified by the OMWBE under the state of Washington certification program to apply and compete for work under this contract. Voluntary numerical MWBE participation goals have been established, and are indicated herein: Minority Business Enterprises: (MBE's): 10% and Woman's Business Enterprises (WBE's): 6%.

#### A.36 VENUE

This Agreement shall be construed and enforced in accordance with, and the validity and performance shall be governed by, the laws of the state of Washington. Venue of any suit between the parties arising out of this Agreement shall be the Superior Court of Thurston County, Washington. The Subrecipient, by execution of this Agreement, acknowledges the jurisdiction of the courts of the state of Washington.

A.37 WAIVERS

No conditions or provisions of this Agreement can be waived unless approved in advance by the Department in writing. The Department's failure to insist upon strict performance of any provision of the Agreement or to exercise any right based upon a breach thereof, or the acceptance of any performance during such breach, shall not constitute a waiver of any right under this Agreement.

The following counties shall receive OPSG subawards for the following amounts: Adams, \$75,000; Clallam, \$100,000; Ferry, \$112,500; Island, \$100,000; Lower Elwha Tribe, \$75,000; Makah Tribe, \$75,000; Nooksack, \$99,000; Okanogan, \$100,000; Pend Oreille, \$150,000; San Juan, \$100,000; Spokane, \$155,000; Stevens, \$150,000; Swinomish Tribe, \$72,900; Whatcom, \$100,000. These grant programs fund a range of activities, including planning, organization, equipment purchase, training, exercises, and management and administration across all core capabilities and mission areas.

#### **Article II - DHS Standard Terms and Conditions Generally**

The Fiscal Year (FY) 2022 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2022. These terms and conditions flow down to subrecipients unless an award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations.

All legislation and digital resources are referenced with no digital links. The FY 2022 DHS Standard Terms and Conditions will be housed on dhs.gov at [www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions](http://www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions).

### **Article III - Assurances, Administrative Requirements, Cost Principles, Representations and Certifications**

I. DHS financial assistance recipients must complete either the Office of Management and Budget (OMB) Standard Form 424B Assurances - Non-Construction Programs, or OMB Standard Form 424D Assurances - Construction Programs, as applicable. Certain assurances in these documents may not be applicable to your program, and the DHS financial assistance office (DHS FAO) may require applicants to certify additional assurances. Applicants are required to fill out the assurances as instructed by the awarding agency.

II. DHS financial assistance recipients are required to follow the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located at Title 2, Code of Federal Regulations (C.F.R.) Part 200 and adopted by DHS at 2 C.F.R. Part 3002.

III. By accepting this agreement, recipients, and their executives, as defined in 2 C.F.R. section 170.315, certify that their policies are in accordance with OMB's guidance located at 2 C.F.R. Part 200, all applicable federal laws, and relevant Executive guidance.

### **Article IV - General Acknowledgements and Assurances**

IV. Recipients must comply with all other special reporting, data collection, and evaluation requirements, as prescribed by law, or detailed in program guidance.

Part 200 and including recipients acting as pass-through entities) of federal financial assistance from DHS or one of its awarding component agencies must complete the DHS Civil Rights Evaluation Tool within thirty (30) days of receipt of the Notice of Award for the first award under which this term applies. Recipients of multiple awards of DHS financial assistance should only submit one completed tool for their organization, not per award. After the initial submission, recipients are required to complete the tool once every two (2) years if they have an active award, not every time an award is made. Recipients should submit the completed tool, including supporting materials, to [CivilRightsEvaluation@hq.dhs.gov](mailto:CivilRightsEvaluation@hq.dhs.gov). This tool clarifies the civil rights obligations and related reporting requirements contained in the DHS Standard Terms and Conditions. Subrecipients are not required to complete and submit this tool to DHS. The evaluation tool can be found at <https://www.dhs.gov/publication/dhs-civil-rights-evaluation-tool>.

**Article XV - Duplication of Benefits**

Any cost allocable to a particular federal financial assistance award provided for in 2 C.F.R. Part 200, Subpart E may not be charged to other federal financial assistance awards to overcome fund deficiencies; to avoid restrictions imposed by

federal statutes, regulations, or federal financial assistance award terms and conditions; or for other reasons. However, these prohibitions would not preclude recipients from shifting costs that are allowable under two or more awards in accordance with existing federal statutes, regulations, or the federal financial assistance award terms and conditions.

#### **Article XVI - Education Amendments of 1972 (Equal Opportunity in Education Act) - Title IX**

Recipients must comply with the requirements of Title IX of the Education Amendments of 1972, Pub. Recipients must comply with Title VI of the Civil Rights Act of 1964, (42 U.S.C. section 2000d et seq.) prohibition against discrimination on the basis of national origin, which requires that recipients of federal financial assistance take reasonable steps to provide meaningful access to persons with limited English proficiency (LEP) to their programs and services. L. 89-272 (1965), (codified as amended by the Resource Conservation and Recovery Act, 42 U.S.C. section 6962.) The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition.

#### **Article XXXII - Rehabilitation Act of 1973**

Recipients must comply with the requirements of Section 504 of the Rehabilitation Act of 1973, Pub. L. 93-112 (1973) (codified as amended at 29 U.S.C. section 794), which provides that no otherwise qualified handicapped individuals in the United States will, solely by reason of the handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

### **Article XXXIII - Reporting of Matters Related to Recipient Integrity and Performance**

General Reporting Requirements:

If the total value of any currently active grants, cooperative agreements, and procurement contracts from all federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this federal award, then the recipients must comply with the requirements set forth in the government-wide Award Term and Condition for Recipient Integrity and Performance Matters located at 2 C.F.R. Part 200, Appendix XII, the full text of which is incorporated here by reference in the award terms and conditions.

### **Article XXXIV - Reporting Subawards and Executive Compensation**

Reporting of first tier subawards:

Recipients are required to comply with the requirements set forth in the government-wide award term on Reporting Subawards and Executive Compensation located at 2 C.F.R. Part 170, Appendix A, the full text of which is incorporated here by reference in the award terms and conditions.

### **Article XXXV - Required Use of American Iron, Steel, Manufactured Products, and Construction Materials**

Recipients and subrecipients must comply with the Build America, Buy America Act (BABAA), which was enacted as part of the Infrastructure Investment and Jobs Act Sections 70901-70927, Pub. L. No. 117-58 (2021); and Executive Order 14005, Ensuring the Future is Made in All of America by All of America's Workers. See also Office of Management and Budget (OMB), Memorandum M-22-11, Initial Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure.

Recipients and subrecipients of federal financial assistance programs for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

- (1) all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- (2) all manufactured products used in the project are produced in the United States--this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
- (3) all construction materials are manufactured in the United States--this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project, but are not an integral part of the structure or permanently affixed to the infrastructure project.

#### *Waivers*

When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements.

- (a) When the federal agency has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the agency determines that:
- (1) applying the domestic content procurement preference would be inconsistent with the public interest;
  - (2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or
  - (3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

A request to waive the application of the domestic content procurement preference must be in writing. The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the OMB Made in America Office.

There may be instances where an award qualifies, in whole or in part, for an existing waiver described. For awards by the Federal Emergency Management Agency (FEMA), existing waivers are available and the waiver process is described at ["Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov](#). For awards by other DHS components, please contact the applicable DHS FAO.

To see whether a particular DHS federal financial assistance program is considered an infrastructure program and thus required to include a Buy America preference, please either contact the applicable DHS FAO, or for FEMA awards, please see [Programs and Definitions: Build America, Buy America Act | FEMA.gov](#).

#### **Article XLIII - Environmental Planning and Historic Preservation (EHP) Review**

DHS/FEMA funded activities that may require an Environmental Planning and Historic Preservation (EHP) review are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the recipient to comply with all federal, state, and local laws.

DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; National Historic Preservation Act of 1966, as amended; National Flood Insurance Program regulations; and any other applicable laws and executive orders. To access the FEMA EHP screening form and instructions, go to the DHS/FEMA website. In order to

initiate EHP review of your project(s), you must complete all relevant sections of this form and submit it to the Grant Programs Directorate (GPD) along with all other pertinent project information. The EHP review process must be completed before funds are released to carry out the proposed project; otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies.

If ground disturbing activities occur during construction, applicant will monitor ground disturbance, and if any potential archeological resources are discovered the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA.

#### **Article XLIV - Applicability of DHS Standard Terms and Conditions to Tribes**

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to subrecipients as a matter of law, regulation, or executive order. If the requirement does not apply to Indian tribes or there is a federal law or regulation exempting its application to Indian tribes, then the acceptance by Tribes of, or acquiescence to, DHS Standard Terms and Conditions does not change or alter its inapplicability to an Indian tribe. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribe where it does not already exist.

#### **Article XLV - Acceptance of Post Award Changes**

In the event FEMA determines that changes are necessary to the award document after an award has been made, including changes to period of performance or terms and conditions, recipients will be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate recipient acceptance of the changes to the award. Please call the FEMA/GMD Call Center at (866) 927-5646 or via e-mail to [ASK-GMD@fema.dhs.gov](mailto:ASK-GMD@fema.dhs.gov) if you have any questions.

#### **Article XLVI - Disposition of Equipment Acquired Under the Federal Award**

For purposes of original or replacement equipment acquired under this award by a non-state recipient or non-state subrecipients, when that equipment is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, you must request instructions from FEMA to make proper disposition of the equipment pursuant to 2 C.F.R. section 200.313. State recipients and state subrecipients must follow the disposition requirements in accordance with state laws and procedures.

#### **Article XLVII - Prior Approval for Modification of Approved Budget**

Before making any change to the FEMA approved budget for this award, you must request prior written approval from FEMA where required by 2 C.F.R. section 200.308.

For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(f) regarding the transfer of funds among direct cost categories, programs, functions, or activities. Therefore, for awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000), you may not transfer funds among direct cost categories, programs, functions, or activities without prior written approval from FEMA where the cumulative amount of such transfers exceeds or is expected to exceed ten percent (10%) of the total budget FEMA last approved.

For purposes of awards that support both construction and non-construction work, FEMA is utilizing its discretion under 2 C.F.R. section 200.308(h)(5) to require the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work.

You must report any deviations from your FEMA approved budget in the first Federal Financial Report (SF-425) you submit following any budget deviation, regardless of whether the budget deviation requires prior written approval.

#### **Article XLVIII - Indirect Cost Rate**

2 C.F.R. section 200.211(b)(15) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for this award is stated in the budget documents or other materials approved by FEMA and included in the award file.

PAMELA SUSAN WILLIAMS,

## 22SHSP Investment Justification

Washington is comprised of 39 counties with geography including forests, mountains, islands, rainforests, rivers, lakes, and plains. The U.S. Bureau of Economic Analysis ranked Washington 8 of 50 states for gross domestic product in 2021; several world-class organizations headquarter their operations within the state. Washington has marine, aviation, rail, and road transportation infrastructure to support its position as a bustling trade center. Over half of Washington's 7.77 million population lives in the Seattle metropolitan area located along the Puget Sound. This area is the center of transportation, business, and industry and is the fastest growing region in the state. A vast majority of the state's population lives in densely settled urbanized areas. Understanding Washington's population is critical in order to mitigate vulnerabilities, respond to incidents, and effectively concentrate recovery efforts.

Furthermore, Washington is subject to 10 natural and 7 human-caused hazards. The THIRA focuses on eight of those risks: cyber attack, earthquake, explosive devices (terrorism), flood, hazmat release (radiological), pandemic- human (biological), tsunami, and wildland fire. The 2022 Washington State Risk Profile scored the state's relative risk as 8.77, ranking it as the 12th highest at-risk state. Washington State has consistently had a high relative risk score (ranked in the top 25% of states for the past seven years) and must be prepared to prevent, respond to, mitigate, and recover from acts of terrorism.

The FY22 projects were selected to build upon or sustain a range of Core Capabilities identified in the 2021 SPR as having significant gaps as well as to support the six National Priority Areas. The investments support the Planning, Organization, Equipment, Training, and Exercise solution areas with a focus in the following Core Capabilities: Access Control & Identity Verification; Community Resilience; Critical Transportation; Cybersecurity; Forensics & Attribution; Infrastructure Systems; Interdiction & Disruption; Logistics & Supply Chain Management; Mass Care Services; Mass Search & Rescue Operations; On-Scene Security, Protection, & Law Enforcement; Operational Communications; Operational Coordination; Physical Protective Measures; Planning; Public Health, Healthcare, & Emergency Medical Services; Public Information & Warning; Screening, Search, & Detection; Situational Assessment; and Supply Chain Integrity & Security.

## 22SHSP ENDURING NEEDS SUBPROJECTS WORK PLAN

### King County, Office of Emergency Management (OEM)

**ENDURING NEEDS AMOUNT    \$836,192**

#### Investment #1: WA SHSP Sustainment

The State is divided into 9 Regions which differ in geography (marine to desert), major industry (large business to agricultural), and population (dense urban settings to rural). Each region develops projects to address their specific risks and hazards which sustain previously built capabilities or close identified gaps. Most initiatives can be tied back to building regional capability to prevent, protect, respond, and recover and be in a state of readiness should a natural or human-caused catastrophic incident occur.

Gaps identified in: -Community Resilience: Need to incorporate equity and social justice and access and functional needs -Critical Transportation: Transportation needed for the delivery of vital response personnel, equipment, and services into the affected areas -Cybersecurity: Lack of a vulnerability analysis, outdated servers and workstations -Interdiction & Disruption: Special teams do not have access to updated equipment -Infrastructure Systems: Lack of proper network access to link to remote city/county facilities -Mass Care Services: Lack of adequate mass care facilities, lack of local mass care volunteers and training opportunities - Mass SAR Operations: Need to train responders to the Structural Collapse Tech Level, lack of heavy lifting/shoring and cutting/breaching rescue equipment -On-Scene Security, Protection, & LE: Lack of local funding to maintain and replace aging and/or expiring equipment and PPE -Operational Comms: Geographical challenges and changes in communications technology hamper the reliability of communications -Operational Coord: Lack of regional coordination to prioritize projects, connect partners, and share products -Physical Protective Measures: Lack of surveillance cameras and alarm systems in local jurisdictions - Planning: ESF plans are out of date, lack of updated continuity plans -Public Information & Warning: Lack of robust public education campaigns, lack of reliable and consistent messaging -Screening, Search, & Detection Lack of screening and monitoring equipment for large public festivals and events within local jurisdictions -Situational Assessment: Lack of common operating picture and information sharing.

#### EN PROJECT #6: SHSP Region 6- Homeland Security Project

Region 6 will prioritize subprojects based on regionally identified gaps. The Region is challenged by capability gaps which include Planning due to the lack of updated plans and maintaining cross-jurisdictional planning efforts and Mass Search and Rescue Operations due to the need for necessary rescue equipment as well as trained personnel.

Through planning, equipment, and training, activities will include: Planning: Conduct regional planning to develop counterterrorism activities and manage situational awareness resources to ensure coordination across multiple jurisdictions. Mass Search and Rescue Operations: Provide refresher technician level training with specialized equipment in a real collapse environment and purchase specialized equipment for search and rescue operations in structures. The funding priorities will support the region in their effort to address identified capability gaps related to terrorist-related risks and will enhance the ability to prepare for, respond to, and recover from terrorism events.

Approaches: Planning C. Create update, maintain regional cross jurisdictional planning efforts. (2021SPR pg. 18) (2021SPR pg. 16)

**ACTIVITIES TO BE PERFORMED**

Activities to be performed by Emergency Planners and Zone Liaison Program Assistants:

- Host mass care forum and coordinate on regional functions such as workshop facilitation.
- Conduct regional planning to develop counterterrorism and other catastrophic event prevention activities.
- Manage situational awareness resources (e.g. WebEOC), ensuring consistent intelligence and information sharing across multiple jurisdictions. This includes awareness of indicators of terrorism and terrorism-related crime and associated efforts to increase the sharing of information with public and private sector partners, including nonprofit organizations.
- Sustain and maintain regional Access Control and Identity Verification standards for the Seattle Urban Area, including personnel resources, equipment, and related policies as well and Deployment of specialized alert & warning software (KCIInform) to organizations regionally.
- Perform planning activities (continuity, response, and hazard identification) consistent with developing and implementing homeland security support programs in the Seattle Urban Area, and regionally adopting ongoing DHS/FEMA national initiatives locally that are in alignment with current threats and hazards outlined across the National Priority Areas.
- Collaborate with regional jurisdictions and act as a liaison to facilitate information and intelligence sharing between Region 6 and constituent jurisdictions.

**ASSOCIATED DELIVERABLES/OUTPUTS (IMMEDIATE)**

- Region 6 Zone Coordination for jurisdictional support, planning integration, and engagement.
- Mass Care practices and response plans standardized (as best as possible) with regional actors. Regional understanding of available resources and deployment process.
- Communications platform that reflects the needs of ESF 5 and integration with regional stakeholders.
- Access & Control resource deployment and cache and personnel in at-ready status.
- Strategic priorities of regional stakeholders represented in addressing identified gaps and input collected on best approaches in alignment with THIRA/SPR findings.

**DESIRED OUTCOMES (INTERMEDIATE AND LONG-TERM)**

The desired outcome is a connected community of stakeholders through multiple mediums; through technological situational awareness and incident management systems, through deployment and maintenance of alert & warning systems and most importantly through the facilitation of in-person workgroups to foster stakeholder relationships in Region 6 and beyond.

**NEXUS TO TERRORISM**

Fundamentally this investment is designed to provide capabilities to confront the regional challenges associated with an incident of terrorism. Planning activities at this level ensure that consistency is achieved across the disciplines and jurisdictions for the capabilities identified in the proposal. This standardization is applied at the assessment phase to identify the regional hazards from such an incident, the policy needed to operationalize situational awareness resources, and response needs for coordinating activities such as regional mass care.

<b>GAP(S) IDENTIFIED</b>					
The complex coordinated terrorist attack scenario evaluated in the 2020 UASI THIRA emphasizes the devastation improvised explosive devices (IED) and vehicle borne IEDs (VBIED) cause.					
Local responders must have specialized training and equipment to be effective at performing these unique technical search and rescue missions. This same capability (training and equipment) will be required to save lives from structures that collapse during an earthquake or other disaster.					
During the SPR assessment, equipment lifecycle was determined to be a factor that will continue to challenge our Structural					

Collapse Technician capability throughout Region 6 (King County). For this specialized equipment to be readily available and deployable we need to continue to address equipment quantity and maintenance.

SPR Documented Gaps: Core Capability: Mass Search and Rescue Operations, Solution Area: Equipment

A. Need heavy lifting/shoring and cutting/breaching rescue equipment packages.

Approach: Core Capability: Mass Search and Rescue Operations, Solution Area: Equipment

A. Pursue funding to purchase Structural Collapse Equipment and Special Hazard PPE for responders.

Attrition and turnover are the two key areas identified during the SPR assessment, that will continue to challenge our Structural Collapse Technician capability throughout Region 6 (King County). These specialized skills are perishable and require periodic refresher training to be safe and effective.

SPR gaps: Core Capability: Mass Search and Rescue Operations, Solution Area: Training

Regionally, 3,000 structural collapse rescue/search technicians are required to respond to and mitigate a large-scale regional incident. Technicians who have completed this course will be able to lead a group of Firefighters on rescue missions in a disaster situation.

Approach: Core Capability: Mass Search and Rescue Operations, Solution Area: Training

A. Funding to support necessary equipment and training personnel backfill for the Department of Homeland Security approved WMD Structural Collapse and Heavy Rescue Technician training classes.

### **ACTIVITIES TO BE PERFORMED**

-Two sessions of a multiple day training session will be conducted. Local responders will receive Technician level training with specialized equipment in a real collapse environment.

-Purchase and provide to local responders specialized equipment needed to safely approach, breach, break, cut, burn, lift, support, and stabilize, to gain access through concrete, steel, or other structural components during search and rescue operations in heavy floor, heavy wall, steel, and concrete structures.

### **ASSOCIATED DELIVERABLES/OUTPUTS (IMMEDIATE)**

-Technician level refresher training provided to Region 6 responders who completed the full 80-hour SCT program in prior years. Local responders develop skills to breach, break, cut, burn, lift, support, and stabilize, to gain access through concrete, steel or other structural components during search and rescue operations in heavy floor, heavy wall, steel and concrete.

-Local responders have the necessary equipment and tools to use their specialized skills to breach, break, cut, burn, lift, support, and stabilize, to gain access through concrete, steel or other structural components during search and rescue operations in heavy floor, heavy wall, steel and concrete structures.

### **DESIRED OUTCOMES (INTERMEDIATE AND LONG-TERM)**

-Building the required structural collapse and heavy rescue capability within the region is an ongoing process that requires maintenance along the way. This project ensures that our initial investment in training first responders to the technician level is sustained and ready when needed.

-Ensuring the trained Structural Collapse and Heavy Rescue Technicians throughout Region 6 have access to the specialized and interoperable equipment that they were trained to use in order to respond to terrorism incidents and save lives.

### **NEXUS TO TERRORISM**

Acts of terrorism, including the use of explosives or transportation (vehicles, aircraft, etc.), are intended to target people, often as they congregate in buildings. The magnitude of this type of incident will require a response that far exceeds the standard Fire/EMS/Hazmat response capability. While many threats and hazards exist in the Seattle Urban Area, the regional consensus is that a complex coordinated terrorist attack (CCTA), as in Paris (2015), Brussels (2016), and Barcelona (2017), are likely to include the use of explosives or other means to effect mass destruction of occupied buildings.

The complex coordinated terrorist attack scenario evaluated in the 2020 UASI THIRA emphasizes the devastation improvised explosive devices (IED) and vehicle borne IEDs (VBIED) cause. On December 25, 2020, an RV camper VBIED exploded in downtown Nashville, Tennessee. The blast tore into adjacent buildings causing significant damage and structural collapse. On June 24, 2021, the collapse of the Champlain Towers South beachfront condominium reminded the world of how important Structural Collapse and Heavy Rescue Technician training and equipment is for providing life-saving responses.

The rise in Domestic Violent Extremists enhances the need for structural collapse training. In November 2019, Richard Holzer was arrested for plotting to blow up the Temple Emanuel Synagogue in Pueblo, Colorado. He wanted the bombing to send a message to Jewish people that they must leave his town, "otherwise people will die."

A two-year study by the Martin Center for Architectural and Urban Studies, University of Cambridge titled "Reducing Human

Casualties in Building Collapse" found that the number of people saved after collapse is a function of the capability of the rescue and emergency medical activities together with the survival time of those trapped in the rubble. The potential for lifesaving in a stricken community relies heavily on the capabilities of the people on the spot. Specialty rescue teams arriving later in the incident are unlikely to make much of a difference in the overall death toll. Local responders must have specialized training and equipment to be effective at performing these unique technical search and rescue missions.

## 22SHSP NATIONAL PRIORITY AREA PROJECTS WORK PLAN

### *King County, Office of Emergency Management (OEM)*

**AMOUNT**      **\$268,750**

#### **National Priority Areas**

In assessing the national risk profile for FY 2022, six priority areas attracted the most concern. Due to the unique threats that the nation faces in 2022, DHS/FEMA has determined that these six priorities should be addressed by both allocating specific percentages of HSGP funding to certain areas as well as allocating the remaining percentage across the remaining priorities. The following are the six priority areas for FY 2022:

- 1) Enhancing the protection of soft targets/crowded places (ST/CP)
- 2) Enhancing information and intelligence sharing and analysis (IIS)
- 3) Combating domestic violent extremism (DVE)
- 4) Enhancing cybersecurity (CS)
- 5) Enhancing community preparedness and resilience (CP&R)
- 6) Enhancing election security (ES)

Washington State will meet the 22SHSP priorities across multiple state and local projects.

#### **Investment #2: WA SHSP National Priority: Soft Targets and Crowded Places**

Soft targets and crowded places (ST-CPs) are increasingly appealing to terrorists and other violent extremist actors because of their relative accessibility and the large number of potential targets. This challenge is complicated by the prevalent use of simple tactics and less sophisticated attacks. Segments of our society are inherently open to the general public, and by nature of their purpose do not incorporate strict security measures. Given the increased emphasis by terrorists and other violent extremist actors to leverage less sophisticated methods to inflict harm in public areas, it is vital that the public and private sectors collaborate to enhance security of locations such as transportation centers, parks, restaurants, shopping centers, special event venues, and similar facilities. Per the DHS Soft Targets and Crowded Places Security Plan Overview, "Reducing the risk of attacks against ST-CPs and reducing impacts of attacks that do occur is a shared mission..."

In the 2021 State SPR, the following gaps were identified related to preventing and preparing for to a terrorist attack on a ST-CP: -Operational Communications: Radio communication gaps in local jurisdictions due to aging equipment and infrastructure, changes in technology and the inability to keep pace, and challenges due to mountainous terrain; -On-Scene Security, Protection, & LE: LE needs UAS during large festivals and public events to identify and monitor suspicious activity; and -Screening, Search, & Detection: Lack of surveillance equipment and a need for specialized equipment for LE and specialty department agencies for continued support to LE and the communities they serve. For response, gaps will be addressed in the following: -Mass SAR Operations: Lack of Mass SAR equipment, and PPE in local jurisdictions, especially for specialty teams and a need to maintain equipment and training to ensure readiness; -Interdiction & Disruption: Lack of equipment; a need to replace expiring equipment and improve electronics, ballistic protection, communication, and other equipment used in LE operations; and lack of training and awareness of the working environment; and -Operational Coordination: Staff turnover may have created gaps in training in some departments.

Through a collaborative ranking and selection process, Washington has identified several key projects to address gaps and sustain/enhance core capabilities directly related to the ST-CPs National Priority Area.

#### **PROJECT #1**      ***NP ST/CP: Regional Bomb Team Equipment (Investment 2, Project 8)***

#### **NATIONAL PRIORITY AREA**

Soft Targets/Crowded Places

#### **BRIEF PROJECT DESCRIPTION**

This project funds the purchase and deployment of a specialized deployable x-ray system, golden x-ray 150 sources, and fragmentation bags to King County Sheriff's Office Bomb Disposal Unit. The digital x-ray systems allow bomb technicians to diagnose explosive devices manufactured by terrorist organizations and this equipment will allow for rapid imaging of small backpack size items.

Screening, Search, and Detection (Page 100 of 478, UASI SPR): Equipment GAP:

C. Lightweight, portable, digital X-ray equipment, and situational awareness equipment, like wall radar systems and thermal imagery equipment, are needed for Law Enforcement Response to support high risk missions to combat a possible terrorist threat. (Region-1 Bomb Team HLS Region 1 State Workshop, 2018, and 2020 Fall LE UASI Sub- Committee Meeting).

Screening, Search, and Detection (Page 109 of 478, UASI SPR): Equipment APPROACH:

C. Purchase of Radar Wall Systems, X-Ray and Digital X-ray unit/equipment which is portable and transportable including backscatter X-ray systems), related attachments, equipment, film, image screens, computers for image storing/transmission, upgrades. This equipment is necessary for all Seattle UASI Arson and Bomb Teams (ABS) and Special Weapons and Tactics teams (SWAT). This technology will provide the ability to take hard x-rays and digital images of items, such as vehicles, backpacks, or containers and is a critical aspect to response, protection, and recovery from IED and CBRNE incidents. Wall radar systems will allow special teams to have a rapid situation awareness assessment capability to high-risk targets and missions.

**ACTIVITIES TO BE PERFORMED**

Purchase and deployment of a specialized deployable x-ray system, golden x-ray 150 sources, and fragmentation bags to King County Sheriff's Office Bomb Disposal Unit.

**COLLABORATION**

Investment proposals were developed through multiple stages, involving regional stakeholders at each phase. The initial review was managed through the Region 6 Police Chief's Association before being advanced. The next forum for vetting is the Support for First Responders workgroup which is organized as a subgroup of the Region 6 Emergency Management Advisory Committee, which is large multi-disciplinary body that provides a final review before a recommendation for investment.

**ASSOCIATED DELIVERABLES/OUTPUTS (IMMEDIATE)**

The immediate deliverable of this project is enhanced response capability that supports the prevention and detection of terrorism and homegrown extremism threats in Homeland Security Region 6. The purchase of Golden X-Ray 150 supports more mobile and dismounted capabilities for the regional teams. This specialized equipment supports on-scene screening and overall threat assessment time will be reduced.

**DESIRED OUTCOMES (INTERMEDIATE AND LONG-TERM)**

Long-term, this project allows Special Teams to support complex missions by deploying with rapid detection equipment that allows them to detect and remove hazardous devices that may cause harm to soft targets, critical infrastructure, transportation networks, and supply chains. Teams will be able to detect, potentially prevent, respond to, and recover from terrorism and homegrown extremism threats more rapidly with this equipment investment.

**NEXUS TO TERRORISM AND NPA**

The purchase of specialized deployable x-ray systems and supporting equipment has a direct nexus to terrorism prevention and response in the population dense Seattle area and throughout Homeland Security Region 6. This investment will support the special law enforcement teams in Region 6 by building and enhancing capabilities to respond to terrorism and homegrown extremism threats. Teams will be able to detect, potentially prevent, respond to, and recover from terrorism and homegrown extremism threats more rapidly with this equipment.

The Bomb Squads in the Seattle area have evaluated current capabilities and will continue to identify technology gaps by evaluating Chemical Biological Radiological Nuclear and Explosive (CBRNE) prevention, detection, response, and recovery capabilities for Regional Explosive Detection Teams (FBI Certified Bomb Teams) and aligning gaps with National Priority Areas to best support not only Seattle Regional objectives, but national prevention, detection, response, and recovery capabilities.

**Investment #6: WA SHSP National Priority: Community Preparedness and Resilience**

Community organizations are the backbone of civic life and therefore, must have the capabilities to withstand acts of terrorism and provide essential services, especially to members of underserved communities, in the aftermath of an attack. Focus on equity and investing in strategies that meet the needs of underserved communities will strengthen the whole of community system of emergency management. The whole community includes children; older adults; individuals with disabilities, and others with access and functional needs; those from religious, racial, and ethnically diverse backgrounds; and people with limited English proficiency. Additionally, equity in emergency management requires proactively prioritizing actions that reinforce cultural competency, accessibility, and inclusion, as well as reflect the historical context of specific groups of people.

As communicated in 2021 State SPR, the Community Preparedness & Resilience (CP&R) capability gaps that will be addressed are: -Public Information & Warning: a need to establish a process for promptly distributing emergency communications in the identified top languages; a need for an updated unified public education strategy to include better coordinated public messaging procedures, policies, and training; and a lack of clarity regarding who will be issuing messages and how quickly they will provide accurate and reliable statements to the public; -Operational Coordination: Staff turnover has created gaps in training and a need for integrated training and exercises between emergency response agencies, healthcare providers, the private sector, and the community to facilitate unified command operations; -Community Resilience: Large segments of the population (individuals, families, communities, organizations) that have the ability to become prepared have not been motivated/interested in taking action to prepare for emergencies and more trained volunteers are needed (Community Resilience gaps are derived from the 2021 Seattle UASI SPR, which rolls up within the State SPR.); and -Logistics & Supply Chain Management: Most jurisdictions need developed plans for maintaining and restoring the supply chain after a natural, terrorist, or biological event.

Through a collaborative ranking and selection process, Washington State has identified several key projects within this Investment to address gaps and sustain/enhance core capabilities directly related to the CP&R National Priority Area.

**PROJECT #2 NP CP&R: Community Preparedness & Resilience (Investment 6, Project 4)**

**NATIONAL PRIORITY AREA**

Community Preparedness & Resilience

**BRIEF PROJECT DESCRIPTION**

Public Education and preparedness outreach efforts in Region 6 to improve the community’s ability to respond during an emergency. Information and best practices will be shared at community engagement venues to limit the impact of disasters and enhance overall awareness of the threats and potential hazards in the region. The community outreach workgroup is a collection of public educators in the emergency management field from various jurisdictions and non-profits in Region 6, and they’re the body entrusted with ensuring a whole community approach is utilized to close gaps and enhance response capacity.

**CORE CAPABILITIES**

Community Resilience (EN)		Core Capability #1			
Sustaining or Enhancing?	<i>Enhancing</i>				
Public Information & Warning (EN & All NPAs)		Core Capability #2 (optional)			
Sustaining or Enhancing?	<i>Sustaining</i>				
<b>PLANNING</b>	<b>ORGANIZATION</b>	<b>EQUIPMENT</b>	<b>TRAINING</b>	<b>EXERCISE</b>	<b>TOTAL</b>
\$50,000.00	\$15,000.00	\$0.00	\$20,000.00	\$0.00	<b>\$85,000.00</b>

**GAP(S) IDENTIFIED**

- A. Large segments of the population (individuals, families, communities, organizations) that have the ability to become prepared have not been motivated/interested in taking action to prepare for emergencies such as developing emergency plans, building emergency kits, etc.
- B. Need to further understand and research barriers to preparedness. Need to research effective outreach strategies for different populations including low income, communities, organizations, etc.)
- C. Need to better understand which preparedness actions provide the greatest benefit to individuals and communities,

particularly vulnerable populations and shift messaging and programs to focus on those areas throughout the region. (2021 UASI SPR pg 128).

### **ACTIVITIES TO BE PERFORMED**

- Emergency Preparedness Counterterrorism Outreach: In-person preparedness education and outreach regionwide.
- Emergency Response Skills Training aimed at preparing for and responding to incidents of terrorism: KCOEM will provide emergency response skills training (Basic - family and communication planning, community awareness, hazard awareness, emergency supplies, recognizing terrorism indicators; and Advanced - Fire Extinguisher and First Aid). Two to four classes per month will be held at community center and library locations. Specific topics to be addressed include basic preparedness, crime prevention/anti-terrorism, and fire safety/fire as a weapon. These sessions will occur monthly at a minimum.
- Alert King County Opt-Ins: KCOEM will develop and purchase marketing materials and advertisements to encourage the public to sign up for emergency alerts.
- LEP/AFN Outreach: KCOEM will work with offices of refugee and resettlement and other community/faith-based agencies that serve LEP and AFN populations to learn how to provide timely counterterrorism and emergency resilience information to LEP populations and incorporate preparedness information and training into their standard programming through Memorandums of Understanding and other pertinent documentation.

### **COLLABORATION**

The Community Outreach Workgroup (COW) represents a broad cross segment of the whole community and serves as a way for regional professionals and emergency managers to collaborate and align activities in the overall organization's outreach and communications plan. The cohort extends beyond governmental organizations, with extensive efforts to cultivate relationships with community-based organizations to ensure efforts are not taken with a top-down approach but instead activities planned are developed with these community groups as partners. The workgroup meets regularly and has done so going back over a decade.

### **ASSOCIATED DELIVERABLES/OUTPUTS (IMMEDIATE)**

- Training program with a mature curriculum that occurs with regular frequency to build consistency for constituents, as well as subject matter content that reflects the needs of the desired audience utilizing a whole community approach and predicated on gaps identified in the regional THIRA/SPR.
- Vetted informational resources for community partners to share broadly within their organizations that focus on educating the public about the specific threats derived from terrorism of both a domestic and international origin.
- Maximized capacity to deliver timely alerts about threats and incidents that occur in the region. This includes terrorism and human caused events but also incorporates a general response functionality.

### **DESIRED OUTCOMES (INTERMEDIATE AND LONG-TERM)**

A more prepared and resilient community with the tools and informational resources to best respond to the litany of potential hazards that could arise in a diverse community that covers a dense metropolitan area as well as rural communities.

### **NEXUS TO TERRORISM AND NPA**

This investment is multipronged. Firstly, it seeks to provide the whole community with the knowledge necessary to recognize potential indicators of terrorism so that constituents are empowered to respond and be resilient. Secondly, it expands the reach of the ability of emergency managers to provide timely alert and warning to the community should an incident occur. Thirdly, it can act as a conduit to share and disseminate information from state and federal partners crucial to preparing for, mitigating, and recovering from potential incidents of terrorism.

### **Investment #3: WA SHSP National Priority: Information and Intelligence Sharing**

This investment supports timely sharing of information and actionable intelligence to ensure partners, stakeholders, and senior leaders can make informed decisions. Cooperation and information sharing among SLTT and federal partners across all areas of the homeland security enterprise, including counterterrorism (international and domestic), cybersecurity, and transnational organized crime is critical to operations and the prevention of, preparation for, protection against, and response to acts of terrorism, other threats to life, and criminal acts of targeted violence.

The mission of the Washington State Fusion Center (WSFC), the state's only fusion center, is to support the public safety and homeland security missions of SLTT agencies and private sector entities. The WSFC is a unified counterterrorism, "all crimes" fusion center, incorporating agencies with intelligence, critical infrastructure, public safety, preparedness, resiliency, response and recovery missions. The WSFC provides timely, relevant and high-quality information and intelligence services.

The WSFC operates under an executive board comprised of local, state and federal law enforcement (LE) executives dedicated

to furthering intelligence capabilities. The cadre of analysts are funded through federal grants made available to state and local entities and collaborate under a common mission to address the Intelligence and Information Sharing (I&IS) core capability. Coordination and communication occur with partners including LE, fire, emergency management, public health, critical infrastructure and private sector personnel.

As communicated in the 2021 State SPR, I&IS capability gaps that will be addressed are:

1. [Securing] local funding for sustainment [of] intelligence analysts continues to be a challenge.
2. Need for Regional IT equipment at the WSFC to support LE and intelligence analysts.
3. Funding to support the required training of intelligence analysts.

The WSFC is responsive to Fusion Center Performance Measures 2022.1 to 2022.25 to directly sustain current capabilities and performance.

Our nation faces an evolving threat environment, where threats emanate not only from outside our borders but also from within our communities. This changing environment demonstrates the critical need to support the WSFC. Three key projects have been identified to sustain the capability.

Intelligence and information sharing across the region. There will always be a gap in information sharing, this investment continues to sustain the intelligence analytical and information sharing capability, in support of the Region and the Washington State Fusion Center (WSFC). The focus is to continue to fill the strategic plan goal of providing timely accurate and actionable information the investment is primarily dedicated to funding contract personnel, assigned as Intelligence Analysts, collaborating with the WSFC.

The SPR found the following:

GAPS (2021 Seattle SPR Page 62 of 452):

Planning: A. There is a need to identify and support processes that would engage the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives. Organization: A. Local funding for sustainment for intelligence analysts and representatives continues to be a challenge.

APPROACH (2021 Seattle SPR Pages 63-64 of 452):

Area: Planning A. Support planning efforts that would identify critical objectives during the planning process, provide a complete and integrated picture of the sequence and scope of the tasks to achieve the objectives, and ensure the objectives are implementable within the timeframe contemplated within the plan using available resources for prevention-related plans.

**ACTIVITIES TO BE PERFORMED**

This project will sustain approximately two thirds of one Fusion Center analyst personnel contract which includes, salary, program specific travel, and training. Activities include, but are not limited to:

- Monitor, analyze, evaluate and prioritize contemporary conditions and threat developments for relevance, significance, validity and potential applications to law enforcement, emergency management, and first responder operations countering terrorism against the King County Region, critical infrastructure, public services, and communities
- Identify threats/risks from domestic violent extremists, international terror groups, self-radicalized individuals with aspirational-based violence, and significant organized crime elements--analyze/assess likelihood and impact within the region; develop briefings, visual aids, and written reports: THIRA, SPR, DHS National Critical Infrastructure Prioritization Program Data Call, Special Events Data Call
- Gather, research, analyze, and amplify information from a spectrum of databases defining the Seattle-Tacoma-Bellevue Metropolitan Statistical Area (STB MSA); apply local/regional perspectives to threats/risks or hazard scenarios; assess and

prioritize potential targets; collaborate with subject-matter-experts; and extract operational statistics, technical measurements, and threat capabilities/risk factors for SHSP decision-makers

- Contribute specialized analytical and technical skills to interpret, process, document, and disseminate emergent threat behaviors, risk factors, and indications/warning from federal, state, tribal, and local law enforcement, emergency management, first responder, public/private organizations and critical infrastructure resources
- Reduce ambiguity, analyze incremental developments of an emergent threat situation or risk factor, and translate a shared frame of reference for situational 'awareness' into situational 'understanding'
- Identify problems, conduct research, analyze, and write Special Event Threat Assessments to provide context and implications about an existing or emerging threat, risk, or hazard to a planned SHSP regional event

***ASSOCIATED DELIVERABLES/OUTPUTS (IMMEDIATE)***

This project will continue to sustain activities performed by the King County Fusion Center Analyst which include: Special Event Threat Assessments, Threat Briefings, strategic intelligence products in support of law enforcement and key critical infrastructure, and support of other UASI Regional Intelligence Groups.

***DESIRED OUTCOMES (INTERMEDIATE AND LONG-TERM)***

Detect, deter, and prevent terrorist attacks and through open information sharing whenever possible. Ensure the right people, get the right information, at the right time. Maintain the statewide Intelligence gathering and dissemination system that has proven effective in supporting National Priorities- including cybersecurity, soft target and crowded places, and emerging threats through daily operations, planning, training & awareness, exercises, and response.

***NEXUS TO TERRORISM***

Analysts research, analyze and provide knowledge on threats and impacts from domestic violent extremists, international terror groups, radicalized individuals, and cyber-attacks. The Washington State Fusion Center's mission includes supporting the public safety and homeland security missions of federal, state, local, tribal agencies and private sector by detecting, deterring, and preventing terrorist attacks. The WSFC is an integral part of the intelligence cycle and actively identifies and analyzes local context of credible threats for its area of responsibility as well as facilitating the sharing of threat information with stakeholder agencies in accordance with the intelligence cycle and dissemination protocols.
