SUBJECT: Approval of a Resolution Adopting the 2019-2024 Transportation Improvement Program

I. RECOMMENDED ACTION

Approve the resolution adopting Redmond's 2019-2024 Six-Year Transportation Improvement Program.

II. DEPARTMENT CONTACTS

Erika Vandenbrande, Director, Planning and Community Development	425-556-2457
Donald Cairns, P.E., Manager, Transportation Planning and Engineering	425-556-2834
Peter Dane, Senior Planner	425-556-281

III. DESCRIPTION/BACKGROUND

The Six-Year Transportation Improvement Program (TIP) is a state-mandated planning document which contains all significant transportation projects anticipated to be built or to compete for grant funding within the next six years. Projects are shown in Redmond's TIP when they are consistent with financial planning documents or are being advanced through private development, including:

- Redmond's 2019-2024 6-Year Capital Investment Program (shown as funded)
- Projects committed in development agreements (shown as funded)
- Active private development construction (shown as funded)
- Potential grant candidates and are in the Capital Investment Strategy (shown as unfunded)

TIP projects align with the proposed Capital Investment Program. Therefore, it is recommended that the TIP be approved on December 4, 2018, concurrent with the 2019-2020 Budget – the same approach was utilized for the TIP and 2017-2018 Budget adoption.

The TIP must be updated annually to enable the City to accept and apply for State and Federal transportation grants.

B. Fiscal Note:

This document does not obligate the City to expend funds or alter its capital funding priorities.

VI. ALTERNATIVES TO STAFF RECOMMENDATION

The Council may choose not to adopt a 2019-2024 Transportation Improvement Program which would limit the City's ability to accept and apply for transportation grants.
