# MIH 2020 GOALS

- Connect our community members to the most appropriate health and social services
- Optimize availability of emergency services
- Position EMS as an integrated and interconnected link in the broader health and social service systems

# MIH 2020 Plans

- 0.75 time contracted Case Manager through Aging Disability Services - Nancy Tillman
- Unique care plans for clients to provide consistent high quality care
- Outreach to Evergreen social workers
- Assisting hospice patients, making EMS more available
- Expanding complex patient program
- Adding 2 more EMTs to work as resource navigators
- Surveilling the system for fall patients on the first fall
- Working to increase availability of chemical dependency counselors on the Eastside
- Providing follow up and feedback to our reporting crews
- Training for our navigators and case manager
- Working with the city to increase citizen awareness about MIH program
- Be a reliable resource to our citizens and 911 crews

THANK YOU
