Methodology/Definitions/Notes:

1. District Court Program Budget: A budget that is created by the Court to portion out salaries and benefits by specific court programs
2. Based on the District Court Program Budget (Attachment A), contract cities represent a percentage of District Court Program Budget Costs ----->
3. The District Court Program Budget will be updated annually as will the percentage representing contract cities.
4. The multiplier referred to in Exhibit A is the percentage of the District Court Program Budget attributed to contract cities (see Attachment A).
5. The "City Cost" for each year, calculated by the County, is equal to the sum of Attachments A through G and Facility Costs.
6. The account codes referenced throughout this Exhibit may be modified by the County and the codes referenced herein are deemed to include any future successor or modified codes adopted by the County.

**Methodology/Definitions/Notes:**

1. Annual Total District Court Expenditures means the Final Year End Actual District Court Expenditures as set forth in the County's Accounting, Reporting and Management System ("ORACLE") (when "closed" by the King County Department of Executive Service – Finance) and includes at a minimum all accounts codes 52xxx, 53xxx, 54xxx, 55xxx, 56xxx, 57xxx, 58xxx, 59xxx.
2. Non-Salaries/Benefits, Non-Facilities, & Non-CX Overhead Costs Less Probation includes Annual Total District Court Expenditures less actual expenditures for probation, less account 55160 (facilities/construction), and less 55331 (long term leases). The City Cost is calculated by applying the Multiplier from Attachment A to the Non-Salaries/Benefits, Non-Facilities, & Non-CX Overhead Costs Less Probation.
3. One-Time Costs for District Court Technology and System Improvement Projects totaling under \$100,000 may be included in some of the above accounts (e.g., 53105, 55021, 55025, 56740, and 56741) per Section 4.8 of the Agreement.

**Methodology/Definitions/Notes:**

- The multiplier by facility is the average of the percent of clerical need for contract cities in the facility and the percent of judicial need for contract cities in the facility. The City Cost is the product of the actual staff salary and benefits for security and screening at each facility and the multiplier by facility.
- FTE costs include salary, benefits, overtime, vacation, sick leave and required training for security personnel.
- Security cost increases shall not exceed 100% (one hundred percent) of the Seattle-Tacoma-Bellevue CPI-W, annual, plus an additional 1% (one percent), with a maximum capped increase of a 5% (five percent) in any given year for the total security costs per facility starting in 2022.

**Methodology/Definitions/Notes:**

1. This Attachment is developed pursuant to Exhibit C. The City Multiplier is calculated in Attachment A. The City Cost is the product of the multiplier and the threshold unless adjusted or waived in any year where the reserve is projected to exceed the equivalent of the Cities' share of reserve cap \$1,000,000 increased by 2% per year beginning in 2022.
2. FY21 and FY22 values are estimates for placeholders only and trued up in 2022.

### Summary of All City Costs for Cities

**Methodology/Definitions/Notes:**

1. This attachment (and NonFacility Costs and Facility Costs- Security portion only) divide the overall City Costs as determined in Exhibit A to individual cities based on the same method currently used to allocate costs. Facility costs allocation is noted below.
2. Those costs which are mainly salaries and benefits and are non-facility based, Attachments A, B, E, F and G, are allocated based on each cities percentage of all cities' clerical weights.
3. Those costs which are facility based, Attachment C is allocated based on the average of city case filings percentage and city judicial weights percentage per facility; Attachment Facility Costs allocates facility costs based on FMD standard square footage for an FTE-clerk and judicial square footage based on an individual building's average courtroom+jury+chambers+348 jury assembly room square
4. The tables below describe how this method allocates these costs across each city.

**Methodology/Definitions/Notes:**

- The facility rate per square foot for each year is calculated in the attachment (tab) "Facility Rates." Changing the year in the middle of this sheet (cell A25) will update the facility rate.
- Refer to Exhibit B for the overall methodology for the rate per square foot. Facility costs are based on FMD standard square footage for an FTE-clerk and judicial square footage based on an individual building's average courtroom+jury+chambers+348 jury assembly room square footage.
- Figures for dedicated and shared spaces are based on rentable space consistent with BOMA standards.
- The multiplier by facility for security is the average of the percent of clerical need for contract cities in the facility and the percent of judicial need for contract cities in the facility. The security cost is the product of the multiplier and the total security cost per facility as calculated on tab c.

**Methodology/Definitions/Notes:**

1. Per Exhibit B, the rate each year following 2022 is the lesser amount between the actual rate provided by King County's Facilities Management Division and the capped rate determined by multiplying the previous year's facilities charge by that year's CPI-W.

**EXHIBIT B**  
**ANNUAL FACILITY CHARGES FOR DISTRICT COURT FACILITIES**

This Exhibit is attached to the Interlocal Agreement for the Provision of District Court Services between the County and the City. The terms and conditions described in this Exhibit are a further description of the obligations of the parties regarding the calculation of annual facility charges for County owned or operated District Court facilities.

King County's Facilities Management Division (FMD) determines the cost per square foot for facilities owned and maintained by the County. The FMD rate typically includes: operating costs, debt service, major maintenance contribution, space planning, conservation/energy management, cost of carbon, and FMD overhead. FMD's rates are specific to each building group. District Court facilities are a single group.

The annual facility charge is the net rentable square footage in each facility pursuant to Section 3.1 multiplied by the FMD rate per square foot for the District Court facilities.

FMD will provide the rate for the District Court dedicated buildings for the next two calendar years by September of each even year. For 2022, cities will pay the actual FMD rate. The rate each year thereafter is the lesser amount between the actual rate provided by the Facilities Management Division and the capped rate determined by increasing the previous year's facilities charge by that year's annual CPI-W (Seattle Tacoma Bellevue, all items, base period 1982-84=100).<sup>1</sup>

---

<sup>1</sup> Annual CPI-W will be sourced each year from the U.S. Bureau of Labor Statistics during contract reconciliation. Annual CPI-W is available in 2020 at [https://data.bls.gov/timeseries/CWURS49DSA0&output\\_view=pct\\_12mths](https://data.bls.gov/timeseries/CWURS49DSA0&output_view=pct_12mths).

**EXHIBIT C**  
**RESERVE FUNDS FOR ONE-TIME COSTS FOR DISTRICT COURT**  
**TECHNOLOGY AND SYSTEM IMPROVEMENT PROJECTS**

This Exhibit is attached to the Interlocal Agreement for the Provision of District Court Services between the County and the City. The terms and conditions described in this Exhibit are a further description of the obligations of the parties regarding the one-time costs for technology and other system improvement projects.

This Exhibit operates to maintain a reserve fund for technology and other system improvement projects so that funding for these projects is available when needed and to enable the Cities to spread out such costs over time.

1. The District Court shall present its technology plan and updates to the DCMRC. The technology plan shall describe the projected business needs of the District Court, assess the ability of current technology systems to meet these needs, and outline overall technology strategies and potential projects to support the projected business needs of the District Court. The District Court shall present the business case for each proposed technology improvement project. The business case shall identify: (1) capital, operations, maintenance costs, and potential funding sources for each technology improvement project, (2) the benefits to the court system and users (3) potential impacts to cities associated with implementing each technology improvement project, and (4) proposal for use of reserve funds. The Cities shall have an opportunity to provide input on the technology plan and business cases for proposed technology improvement projects.
2. District Court shall present to DCMRC any system improvement project that includes a proposal for the use of reserve funds. System improvement projects include, but are not limited to, clerical weighted caseload studies.
3. Funds from the reserve shall not be used until the DCMRC approves such expenditure. Such approval shall be obtained by mutual agreement of the DCMRC. The funds shall not be expended until the technology or system improvement project has been implemented. If the funds in the reserve are not sufficient to cover the Cities' share of an implemented technology or system improvement project, the contributions of Cities to the reserve fund in subsequent years may be used to cover this shortfall.
4. One-time costs for technology or system improvement projects shall be identified separately from operating and capital costs as part of reconciliation.
5. Beginning in 2022, the amount of the Cities' annual contribution shall be equivalent to the Cities' proportionate share of \$300,000. The Cities' share is defined as the multiplier calculated in Attachment A of Exhibit A (percentage of salaries and benefits for contract cities).
6. The Cities' contribution would be adjusted or waived in any year where the reserve is projected to exceed the Cities' share of the reserve cap. Beginning in 2022, the reserve cap shall be \$1,000,000 and shall increase by 2% per year thereafter. The reserve cap for each year of the contract is included in Attachment A of Exhibit A.

7. The parties may decide to suspend the 2% increase to the reserve cap for any particular year if the parties, through agreement of the DCMRC, agree that the reserve is at a sufficient amount for that year. Annually, the net interest earnings attributable to the balance of funds in the Cities' reserve shall accrue to their reserve.
8. If this Agreement is terminated as to a particular City or Cities, such City(ies) shall receive its portion of the reserve remaining by January 1<sup>st</sup> following the date of termination.

**EXHIBIT D**  
**City Regular Court Calendar**

This Exhibit is attached to the Interlocal Agreement for the Provision of District Court Services between the County and the City.

The City of \_\_\_\_\_'s regular court calendars will be held on \_\_\_\_\_ (day(s) of the week). The designated day(s) may be adjusted upon mutual agreement of the City and County and without formal amendment of this ILA so long as such agreement is memorialized in writing between the Chief Presiding Judge or designee and City's designated representative.
