CITY OF REDMOND RESOLUTION NO. 1500

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF REDMOND, WASHINGTON, AUTHORIZING THE CITY'S PARTICIPATION IN PUGET SOUND ENERGY'S GREEN DIRECT PROGRAM

WHEREAS, the City has been tracking its operational and community greenhouse gas emissions and energy consumption since 2008; and

WHEREAS, the City Council adopted Resolution No. 1413, which approved a Climate Action Implementation Plan for the City of Redmond; and

WHEREAS, the Climate Action Implementation Plan presents a framework for climate change planning and outlines a series of strategies to reduce greenhouse gas emissions and energy consumption for both City operations and the community at large; and

WHEREAS, the City Council adopted by resolution government operations greenhouse gas emissions and energy consumption reduction strategies, some of which relate to green energy; and

WHEREAS, the Clean and Green budget priority requires effective management of basic services providing a progressive and forward-thinking city while improving the environment; and

WHEREAS, the City is a founding member and active participant in the King County-Cities Climate Collaboration (K4C), and has

adopted by resolution a Joint Letter of Commitment for Climate Change Actions, which includes pursuing green energy; and

WHEREAS, Puget Sound Energy's (PSE) Green Direct Program allows large institutions, such as the City, the ability to purchase one hundred percent of its metered electricity from a dedicated, local renewable green energy source; and

WHEREAS, PSE has identified the second traunch for its Green Direct Program, which will have an open season for enrollment on a first come, first serve basis on or about August 31, 2018.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF REDMOND, WASHINGTON, HEREBY RESOLVES AS FOLLOWS: The Mayor is authorized to execute PSE's Voluntary Long-term Renewable Energy Service Agreement, for an 18-year period, for participation in the PSE Green Direct Program.

ADOPTED by the Redmond City Council this 21st day of August, 2018.

SCHEDULE 139 VOLUNTARY LONG TERM RENEWABLE ENERGY SERVICE AGREEMENT

Attachment "A" - Service Agreement

THIS SCHEDULE 139 VOLUNTARY LONG TERM RENEWABLE ENERGY SERVICE AGREEMENT ("Service Agreement"), dated as of the 31 4 AUGUST, 2010, is made and entered into by and between City of Redmond (the "Customer") and PUGET SOUND ENERGY, a Washington Corporation, (the "Company"), for service under the Company's Electric Tariff G Schedule 139. Terms defined in Schedule 139 and in the General Rules and Provisions (Schedule 80) of the Company's tariff for electric service shall have the same meanings where used in this Agreement.

RECITALS

- A. The Company is a public service company engaged in the sale and delivery of electric energy pursuant to its Electric Tariff G.
- B. Customer is receiving Electric Service under the Company's Electric Tariff G, Schedule 24, 25, 26, 31, 40, 43, 46 or 49, and desires to participate in the Company's Voluntary Long Term Renewable Energy program offered under Schedule 139.
- C. The Company and the Customer have worked jointly to encourage the development of Renewable Energy projects that (i) could provide clean energy to customers at a long-term contracted rate, (ii) support the local economy, and (iii) could be publicized and leveraged for external benefit. The Parties agree that the Solar & Wind: 18 Year Option (13903SW18) (the "Resource Option") should meet these criteria, and the Parties thus now agree to enter into this Service Agreement with each other, for mutual benefit.
- D. The Company will sell and the Customer will purchase from the Company Renewable Energy Credits (RECs), where applicable, and Renewable Energy at a volume equal to 100% of the actual load of all meters located at each subscribed service address as listed in Section 5, with such amount to be allocated from Renewable Energy generated by the Resource Option, pursuant to one of the contracted rates described.

AGREEMENT

- 1. Request and Acknowledgement. The Customer requests service under Schedule 139 and acknowledges that Schedule 139 requires a minimum term. Service under Schedule 139 will be billed on the Customer's existing statement. The Resource Option Energy Charge is fixed as shown in Section 7. The Energy Charge Credit will be updated with each general rate case, power cost only rate case or other power-related filings.
- 2. Resource. Under this Service Agreement the Company will receive Renewable Energy into its Balancing Authority Area from where it can serve the Customer.
- Renewable Energy Credits. The Company will acquire the RECs that are created with the
 electricity production, where applicable. The Company will transfer the RECs to the Customer

Issued: January 26, 2018 Effective: March 1, 2018

which must be retired in WREGIS. Alternatively, at the Customer's request, the Company will retire the RECs in WREGIS. As the Customer is receiving a retail product, the RECs may not be resold or transferred to another party.

4. Resource Option.

Number: 13903SW18

Description: Large Wind Project in Lewis County; and Large Scale Solar in Washington

- Customer Service Address and Account Numbers. The Customer requests service under this Service Agreement for the service addresses, account numbers and meter numbers listed in Attachment B.
- 6. Term. The term of this Service Agreement shall commence in the year <u>2021</u>, on the first day of the Customer's normal billing cycle, in the first month following the commencement of commercial operation of the Resource Option, and delivery therefrom of energy to the Company sufficient to satisfy the obligations set forth in this Service Agreement. This Service Agreement terminates in the year <u>2038</u> after <u>12</u> billing cycles.
- 7. Rates. Schedule 139 rates are in addition to all charges under the Customer's existing Electric Service schedule. Rates include a charge per kWh for the contracted energy as outlined in Table 1 and a credit for the energy-related power cost component of the Energy Charge set forth in Schedule 24, 25, 26, 31, 40, 43, 46 or 49 of the Electric Tariff WN U-60 under which the Customer is taking Electric Service. The Energy Charge Credit will be updated with each general rate case, power cost only rate case, or other power-related filings, while the Resource Option Energy Charge will remain fixed as outlined in the Table 1, below.

8. Early Exit Fee. Customers may elect to terminate this Service Agreement prior to the Termination Date with 60 days' notice to the Company. Customers who choose to discontinue their service under this Schedule will be charged for the net cost of the remaining Renewable Energy that was to be delivered to the Customer under the remaining term of the Service Agreement. This amount will be based on: 1) the remaining term of the Service Agreement, 2) the amount of estimated annual Renewable Energy needs of each of the discontinued

Customer' locations as listed in Section 5 of the Service Agreement, 3) the estimated output of the Resource, 4) the contracted energy rates agreed to in Section 7 of the Service Agreement, and 5) a credit for PSE's then-current avoided costs (filed consistent with WAC 480-107-055). Termination of service under this Schedule will follow receipt and processing of the termination request by the Company.

- 9. Resource Option Inadequacy. If the Resource Option will not be available at the start of the commencement year, the Customer's agreement will be delayed to align with the Resource Option. If the Renewable Energy produced by the Resource Option and purchased by the Company is insufficient in any calendar year to satisfy the full requirements of the Customer, the Company will work with the Customer to source and retire for the Customer RECs from alternative resources, with costs for the RECs limited to the net amount to be collected under Schedule 139 from the Customer for the remainder of the calendar year. If, at the Company's determination, the Resource Option will not be adequate to meet the full requirements of the Customer, then this Service Agreement will be terminated with no liability to the Customer or to the Company. If a replacement project can be sourced and mutually agreed upon, a new Service Agreement will be created.
- 10. Credit. Customer authorizes that the Company may run a credit report on Customer and/or request audited financial statements for the purpose of determining the Customer's creditworthiness for this service.
- 11. Energy Efficiency Services. The Customer and the Company will continue to partner on mutually beneficial energy efficiency projects which will reduce energy demand on an annual basis. These services will have no bearing on the cost of energy as proposed in Table 1.
- 12. Electrical Work. In order to ensure continued qualification for service under Schedule 139, the Customer must contact the Company through their business account services representative when any electrical work is being conducted.
- 13. Governing Law. This Service Agreement will be governed by and interpreted, construed and enforced in accordance with the laws of the State of Washington.

IN WITNESS WHEREOF, the Parties, by their duly authorized representatives, have executed this Agreement as of the date first written above.
