N/A
- **Other Key Facts:**  
RMC 2.52 was adopted in 1969 - a period when it was standard to use masculine nouns/pronouns as a “generic” term.

Current City of Redmond Strategic Plan has as an action item in the DEI program: “Inform city practices, procedures, and policies to align with DEI objectives; identify potential barriers or challenges and opportunities.”

**OUTCOMES:**

It is recognized that adopting gender-inclusive language paves the way to promoting gender equality and gender bias and inhibits the perpetuation of gender stereotypes, especially in the fire service. Removing gendered language is also important so that all individuals, regardless of gender identity, feel respected and included with the Redmond Fire Department and know that all leadership roles are accessible to them.
