Total Cost:
\$1,386,732

Approved in current biennial budget: Yes No N/A

Budget Offer Number:
CIP

Budget Priority:
Infrastructure, Healthy and Sustainable, Vibrant and Connected

Other budget impacts or additional costs: Yes No N/A

If yes, explain:

The City has \$15M currently in the CIP and approved by Council for use in demolition, design and public outreach and part of the construction. Additional funding will be necessary for full construction of the new Senior and Community Center.

Funding source(s):

General Government CIP \$15M, requested direct appropriation from State Legislature \$5M, possible partnerships, and potential Councilmanic bonds. Models of community investment (i.e. individual purchases of solar panels) are also being discussed.

Budget/Funding Constraints:

In the 2020 CIP, there is currently \$15M set aside for renovation of the Senior Center. Council has provided direction to staff to use this \$15M for demolition and to begin design and public outreach. This will also fund part of the construction. The City will be seeking a state appropriation for this project, potential partnership funds and community investment, and will seek approval for Councilmanic bonds in order to fund the complete construction.
