TITLE:

Approval of the Lake Washington School District 2023-2024 School Community Resource Officer Contract Agreement

OVERVIEW STATEMENT:

Staff is seeking Council's approval to re-new the interlocal agreement between the City of Redmond and the Lake Washington School District (LWSD) for police services provided during the 2023-2024 school year.

At the study session on July 25, 2023, Council received an overview of the status of the School Resource Officer program and desire of the LWSD to continue having the support and commitment of the police department. RPD is committed to further the long-standing partnership between LWSD and the Redmond Police Department. Upon careful consideration, review an input from Police staff and Council, the district moved forward with an MOU for the 2023-2024 school year and changed what was once named School Resource Officer to Community Resource Officer.

The 2023-2024 MOU is attached along with a detailed standard operating procedure manual.

OUTCOMES:

This is a continuation of service the Redmond Police Department currently provides to the District and allows for funding to be received in consideration for services provided. In the past, an officer was assigned to the High School and Middle Schools as staffing allowed. Moving forward, the district intends to maintain a partnership with the police department but limited to one officer assigned to Redmond High School and its feeder schools.

In a collaborative effort between the LWSD and law enforcement agencies within the district, a Standard Operating Procedure Manual was created to assist in the communication, cooperation, and mutual understanding between the Community Resource Officers, school administrators and the student population.

The following are the five Purpose Statements of the Community Resource Officer program:

- Provide expertise and guidance to the district related to threats, safety, and security in the context of the district's Layered School Safety Program.
- Increase understanding of each agency's operations and impacts on service and response.
- Help keep students out of the criminal justice system.
- Provide positive interactions between police officers, school staff, students, and families.
- Connect school staff, students, and families to supportive community services.
