COUNCIL REVIEW:

Date	Meeting	Requested Action

Time Constraints:

Employees under this contract are currently being paid at 2019 rates. It would be beneficial to pay the employees their retroactive pay for 2020 prior to November 2020, due to year-end processing workload.

ANTICIPATED RESULT IF NOT APPROVED:

Additional negotiations would be required and more than likely would result in the City and Union going to arbitration. No matter what, there would be an increase to the cost of the contract, but an arbitration decision takes it out of the City and Union's ability to control. Arbitration is time consuming and would further delay the retroactive payment into 2021. The retroactive payment calculations will be extremely complex and time-intensive to process, which will create extra effort for Payroll and Human Resources staff. This will have a negative impact on morale for all employees involved.
