#### TITLE:

TMP Update: Policy Considerations Study Session

### **OVERVIEW STATEMENT:**

The initial round of public engagement on the Transportation Master Plan (TMP) Update project has concluded, yielding rich feedback on the vision, principles, and strategies for the TMP update, as well as over 100 project ideas. This phase also generated several policy considerations related to transportation and mobility in the City's future. The purpose of this study session is to seek Council direction on these policy considerations as the TMP Update moves into the travel demand modeling, project evaluation and plan drafting phase in 2021.
