Future growth is expected and needs to be addressed by considering future demand and trends that keep our community healthy, active, and connected across neighborhoods, ages and cultures.

Infrastructure, Healthy and Sustainable, Vibrant and Connected

**Other budget impacts or additional costs:**

***If yes, explain:***

The City has \$15M currently set aside in the CIP. It was to fund improvements prior to the building being closed due to safety concerns. An additional \$25M would be needed to accomplish the recommendation of the Recreation Stakeholders and the feedback from the public.

**Funding source(s):**

CIP \$15M, request direct appropriation from State Legislature \$5M, possible partnerships, and Councilmanic bonds. Models of community investment (solar panels) are also being discussed.

**Budget/Funding Constraints:**

In the 2020 CIP, there is currently \$15M set aside for renovation of the Senior Center. Council has directed Staff to use this \$15M for demolition and to begin design. Staff has prioritized this project in the 2021-2026 CIP and continued to identify the original \$15M set aside for this project in the CIP. Additionally, the CIP also factors in debt service after the construction to pay for the remainder of the construction. The City will be seeking a state appropriation for this project.
