TITLE:

Approval for Award of the Construction Contract for the Retaining Walls - Replacement and Installation - Redmond Way @ Willows Project

OVERVIEW STATEMENT:

The Redmond Way Rockery Replacement Project is scheduled to be advertised on February 17th, 2021. When a winning bid is accepted, we will seek award of the Contract from the City Council in March.

The existing rock retaining wall at Redmond Way and West Lake Sammamish Parkway is at the end of its safe and useful life and has shown significant signs of weathering and degradation.

This project will consist of the following infrastructure improvements:

- 1000 linear feet of failing rockery retaining wall be replaced.
- 1000 linear feet of sidewalk will be replaced and constructed to ADA standards.
- 45 linear feet of storm pipe replacement.

New trees and ground cover will be planted along the steep slopes to prevent erosion.
