The Growth Management Act (GMA) requires counties and cities to collaboratively and periodically review and update the Countywide Planning Policies ([CPP](https://www.kingcounty.gov/~media/depts/executive/performance-strategy-budget/regional-)
<https://www.kingcounty.gov/~media/depts/executive/performance-strategy-budget/regional->

s). The [Growth Management Planning Council <https://www.kingcounty.gov/depts/executive/performance-strategy-budget/regional-planning/Growth-Management/GMPC.aspx>](https://www.kingcounty.gov/depts/executive/performance-strategy-budget/regional-planning/Growth-Management/GMPC.aspx) (GMPC) is a formal body of elected officials from jurisdictions throughout the county charged with overseeing the preparation of the CPPs. In King County, the CPPs address growth management within the county and integrate regional and legislative policy changes including those provided through Vision 2050, GMA amendments, and Sound Transit and other regional transit investments. Policies are provided through a series of chapters including:

- Environment,
- Development Patterns,
- Housing,
- Transportation, and
- Public Facilities and Services.

The primary purpose of the CPPs is to ensure consistency and coordination between the Multicounty Planning Policies contained in VISION 2050 and the comprehensive plans of cities and towns located within King County on growth management issues. The King County CPPs, which include local housing and employment growth targets, are expected to be updated in 2021 in accordance with the following timeline.

- **March 2021** Growth Management Planning Council reviews the draft CPP amendments including growth targets and releases the draft for public comments.
- **June 2021** Growth Management Planning Council approves CPP amendments and recommends CPPs to the King County Council for consideration.
- **3Q 2021** King County Council consideration and adoption of CPP amendments
- **4Q 2021** Amendments forwarded to each city and town for ratification.

Growth Targets

City Staff continues to work with the 11 Core Cities in King County to come to agreement on growth targets which will inform planning for land use, transportation, and capital facilities. Staff will provide an update on the growth target process and outcomes as part of the April 6th Staff Report when more information is available.

OUTCOMES:

City of Redmond Ratification of the CPPs

Review and ratification of the CPPs will demonstrate active involvement and participation in the process provided under the Growth Management Act and the CPPs. Updates contemplated as part of Redmond 2050 will be guided and informed by the King County CPPs. Redmond will use the updated growth targets to inform planning for land use, transportation, and capital facilities.

Puget Sound Regional Council (PSRC) Certification

Certification of comprehensive plans is a requirement for jurisdictions that intend to apply for PSRC funding or proceed with projects submitted into the Regional Transportation Improvement Program. During its certification review, PSRC looks for substantial consistency between a plan's land use growth assumptions and adopted countywide growth targets and certifies the transportation element of the Comprehensive Plan.

COMMUNITY/STAKEHOLDER OUTREACH AND INVOLVEMENT:

- **Timeline (previous or planned):**
March 2021: The King County draft growth targets will be available for public comment as part of the proposed CPPs after the GMPC approves the release of the Public Review Draft.
- **Outreach Methods and Results:**

Feedback and comments will be invited and then considered in the final draft presented to the GMPC. The GMPC maintains a list of interested parties to whom the draft CPPs will be distributed. GMPC staff will host public meetings to reach out to stakeholder groups and interested members of the public.

- **Feedback Summary:**

Staff will apprise the Council of public input and resulting changes to the drafts as we become aware of them.
